INTRODUCTION

OVERVIEW

This Training Guide is intended to help the user understand how to best utilize the CareBridge Solution as a part of the day-to-day services that are provided. If at any point there are questions, our team is here to help: tnevv@carebridgehealth.com or 1 (844) 482-0256.

If you have questions, our team is always here to help. Just email: tnevv@carebridgehealth.com or call us at (844) 482-0256

WHAT IS ELECTRONIC VISIT VERIFICATION (EVV)?

EVV is the use of technology to record the time and location of caregivers/Direct Service Workers (DSWs) during appointment Check-In and Check-Out. This method of verification has proven to provide an accurate accounting of caregiver's/DSW's time while minimizing or eliminating inappropriate claims.

EVV affects Providers, caregivers, attendants, and homemakers that deliver personal care, attendant care, homemaker, and home health services to Medicaid beneficiaries. This change is required by a federal rule called the 21st Century Cures Act.

The 21st Century Cures Act requires that EVV systems must collect and verify the following 7 items:

- Type of service performed
- Beneficiary receiving the service
- Caregiver providing the service
- Date of the service
- Location of the service
- Time the service begins
- Time the service ends

WHAT IS CAREBRIDGE?

CareBridge is a company formed to improve processes that enable the care for people (members) who receive Long-Term Services and Supports (LTSS). We offer LTSS solutions including an Electronic Visit Verification Solution that can be utilized via a mobile phone, tablet, landline, and web-based portals to record service delivery and facilitate day-to-day management of members' appointments. CareBridge also supports a wide array of EVV aggregation solutions, allowing provider agencies to keep their current EVV solution while still sending required data back to the health plan or state.

SOLUTION OVERVIEW AND SETUP

OVERVIEW

The following will provide an overview of the basic features and functions of the CareBridge Solution and help Agency Employees - who will be Provider Portal users at an administrative level - learn how to set-up CareBridge's Solution to enable delivery of services by caregivers - using the CareBridge mobile application - for members.

CAREBRIDGE PROVIDER PORTAL

There are two components of the CareBridge Solution that will be utilized by Agency Employees and caregivers: the CareBridge Provider Portal and the CareBridge Mobile Application. First, the CareBridge Provider Portal, is a web-based workflow tool that enables Agency Employees to view authorizations, schedule appointments, bill for completed visits, and view dashboards to ensure operational excellence.

LOGIN

1. Navigate to <https://tn.carebridgehealth.com/>
2. Enter username and password, select **LOGIN** (Figure 1).
3. New users can use the **Sign Up!** link to create a password and access the Provider Portal. (Note: The Agency Admin user will need to create the username for new users. See 'Employees' section for more information.)

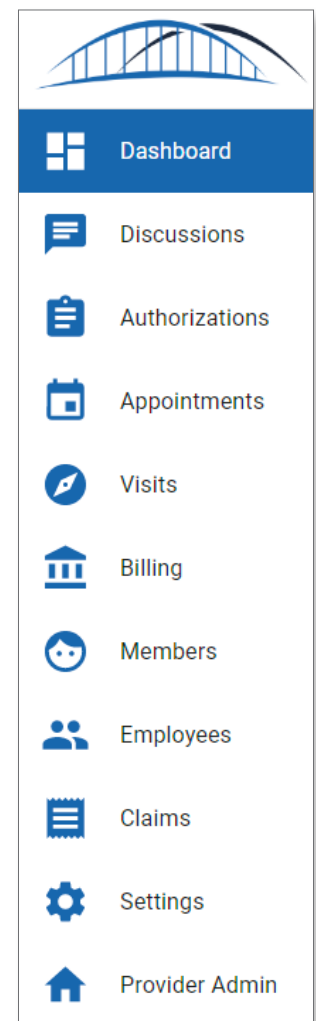

NAVIGATION

The following pages are available from the left navigation pane (Figure 2). Each of these pages will be discussed in more detail in later sections of this Training Guide.

- **Dashboard:** Allows Agency Employees to view key graphs and metrics related to operational efficiency.
- **Discussions:** Enables communication within the Agency as well as between the Agency and Payers (MCO).
- **Authorizations:** Displays authorizations allowing Agency Employees to acknowledge, assign, and schedule appointments.
- **Appointments:** Displays upcoming scheduled appointments allowing Agency Employees to view early, late, and missed appointments.
- **Visits:** Allows Agency Employees to view completed visits, pre-claim checks, and to request claims.
- **Billing:** Enables Agency Employees to manage end-to-end billing workflows.
- **Members:** Displays Members and associated information.
- **Employees:** Enables Agency Administrators to manage their workforce by creating and modifying users.
- **Claims:** Providers can use the Claims page to access a record of all claims submitted along with claims status information.
- **Settings:** Allows Agency Employees to configure certain aspects of the CareBridge Solution.
- **Provider Admin:** Displays provider information for review.

Figure 1. Login Page

Figure 2. Left Navigation

CAREBRIDGE MOBILE APPLICATION

The second component of the CareBridge Solution is the CareBridge Mobile Application. The mobile app is available on iPhone and Android devices and can be used by caregivers to manage their schedule, Check-In, Check-Out, and complete visit documentation.

DOWNLOAD

The CareBridge Mobile Application is available to download on the iOS App Store and the Android Google Play Store (Figure 3).

LOGIN

Once the application is downloaded to the device, the user can open it and view the login screen. The user will be prompted for a **Provider ID, Username, Password, and Birth Date**. Once logged in, today's Appointment Schedule is displayed - **if** the caregiver has scheduled appointments. Please see the [Check-In & Check-Out](#) section for additional information about how to utilize the mobile application in EVV workflows.

EMPLOYEES

The Employees page in the CareBridge Provider Portal (Figure 4) allows Agency Administrators to view, modify, and create new employee records.

Figure 3. Download the CareBridge Mobile App

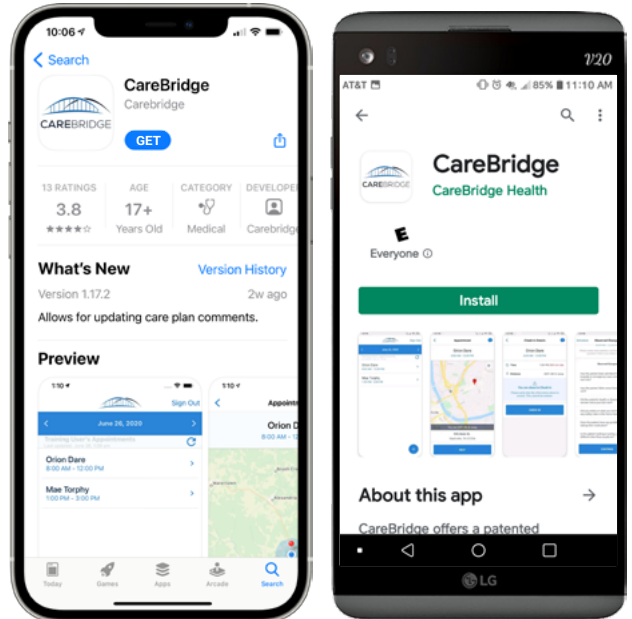

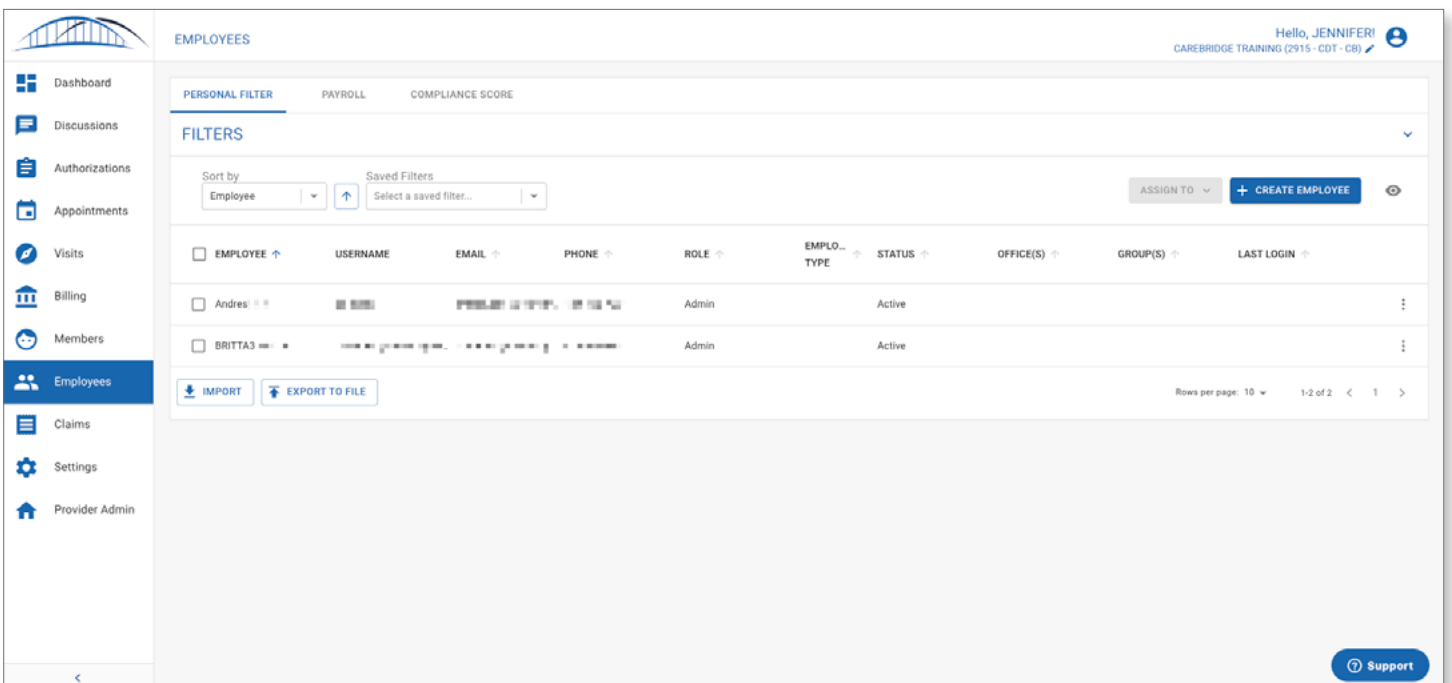

Figure 4. Employees page

VIEW EMPLOYEES

Navigate to the Employees page to see a tabular view of all employees that are currently listed in the Provider Portal. This table can be filtered and sorted with several parameters by selecting the **expand arrow** in the **FILTERS** component (Figure 5) or the **Sort by** drop-down menu at the top left of the table (Figure 6).

Figure 5. Employee **FILTERS**

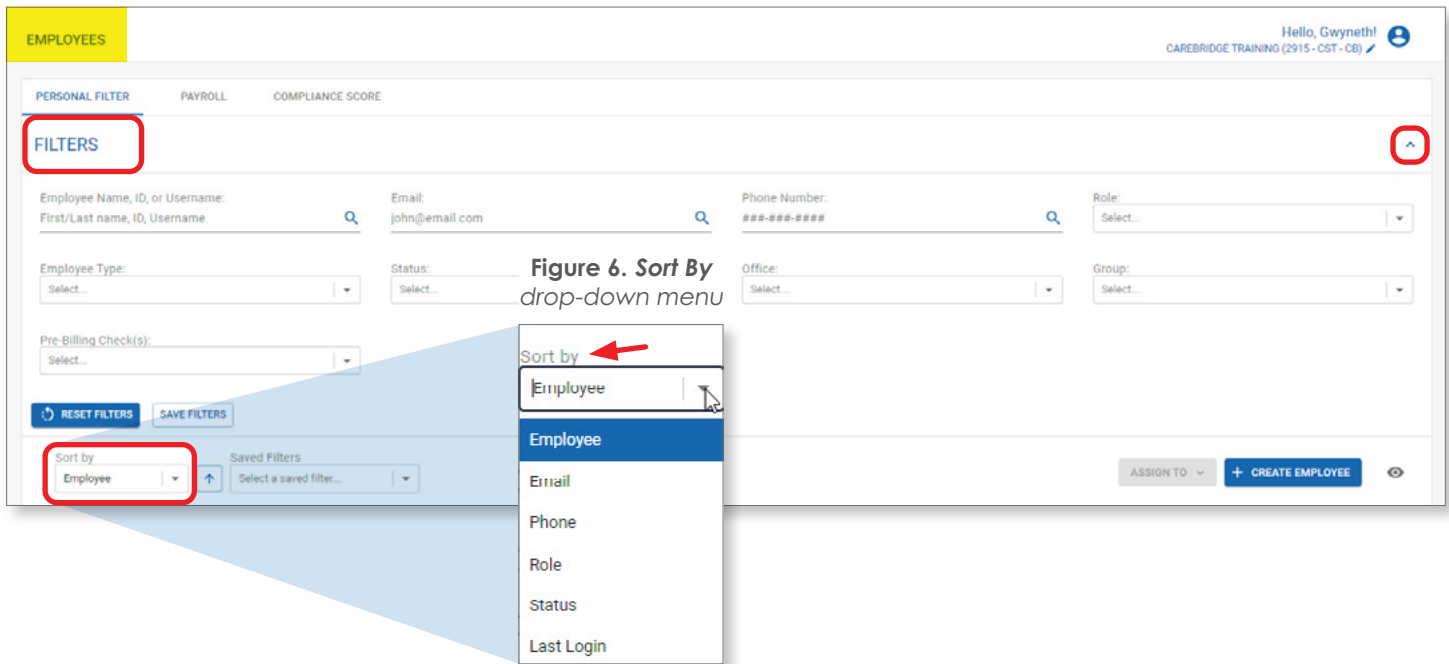

Figure 6. Sort By drop-down menu

Filters that are chosen by the user to find data may also be saved for future searches. To do this, click the **SAVE FILTERS** button at the bottom of the **FILTERS** area. (Figure 7) When the **Save Filters** dialog opens, the user is asked to name their custom filter for future reference. (Figure 8)

Figure 7. **SAVE FILTERS** button

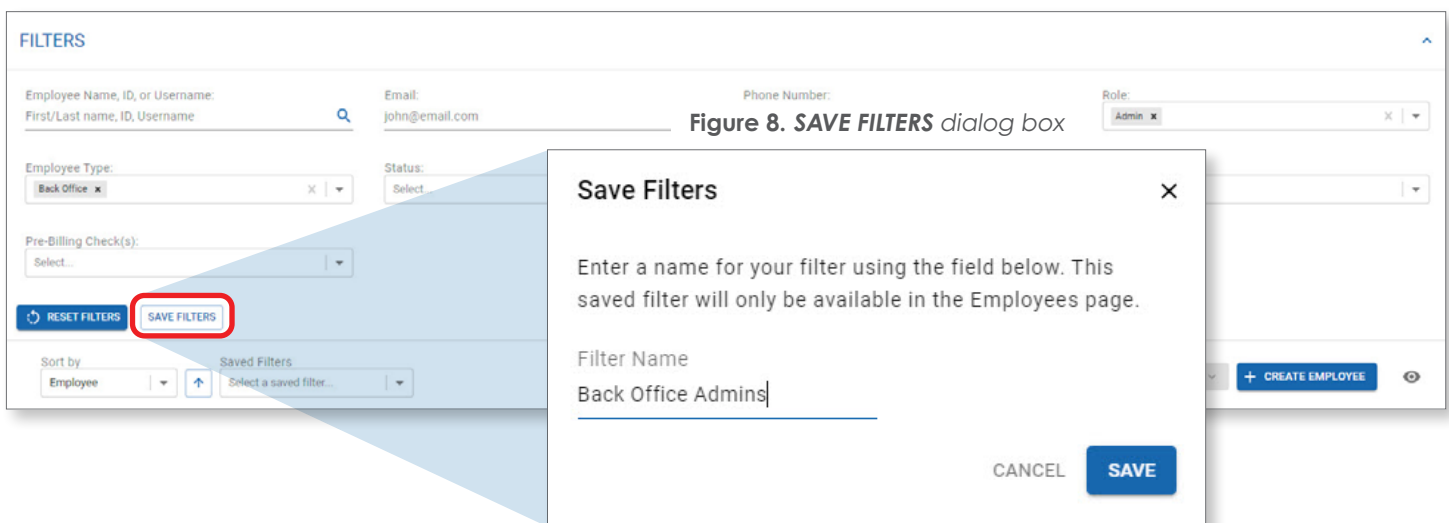

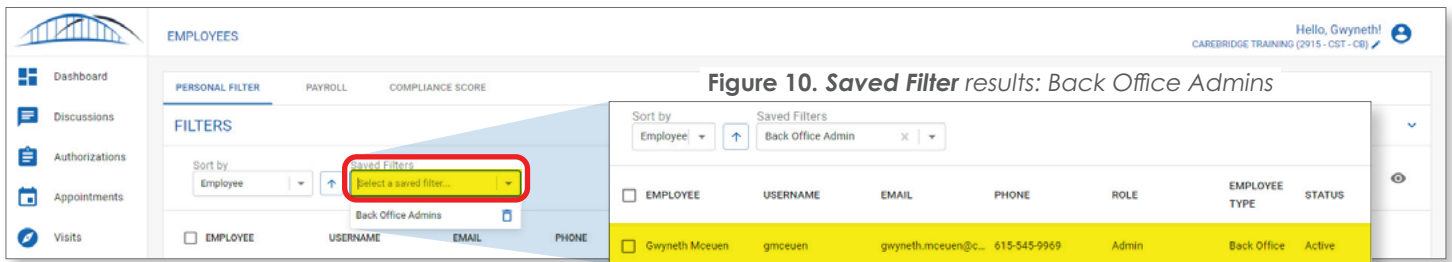

Figure 8. **SAVE FILTERS** dialog box

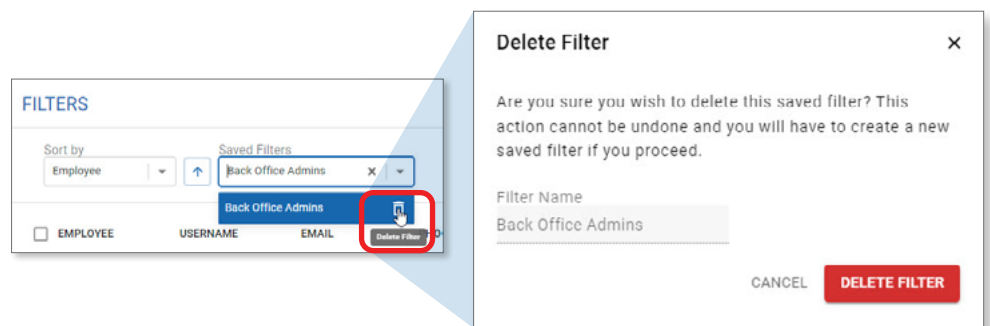

Once it's saved, the user can select their customized filter anytime from the **Saved Filters** drop down menu located to the right of the **Sort by** menu. (Figures 9 & 10)

Figure 9. Employees page **Saved Filters** drop-down menu

Saved filters are specific to the user that created them and the page(s) they were created on. Users can update and delete their filters as necessary. To update, the user must actually save a new filter. To delete a filter, the user must select it and click on the **trash can icon** in the **Saved Filters** list. (Figure 11)

Figure 11. Delete Saved Filter

View Employee Details

To view more details about an employee, select the **menu icon (three dots)** (Figure 12) on the right side of the row for the employee and select **Employee Details**.

Figure 12. Employees page **Menu Icon (three dots)**

From the **Employee Details** screen, users can view employee demographic info, a **CALENDAR** view of the employee's **CALENDAR**, list views of upcoming **APPOINTMENTS** (if any), and completed **VISITS** (Figure 13).

Figure 13. **Employee Details** screen

CREATE NEW EMPLOYEES

As an Agency Administrator, to create new employees (Agency Employees or caregivers), select the **+ CREATE EMPLOYEE** button at the top of the Employees table (Figure 14):

Figure 14. + CREATE EMPLOYEE button

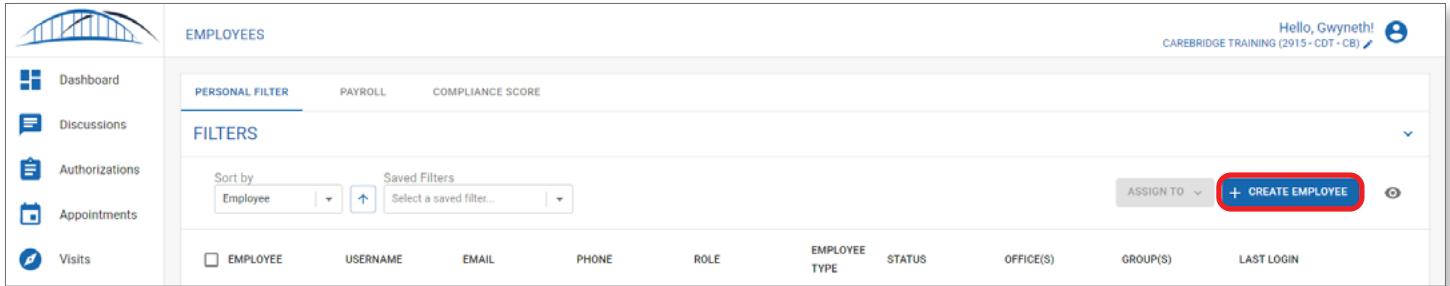

Figure 15. Employee page **IMPORT** button

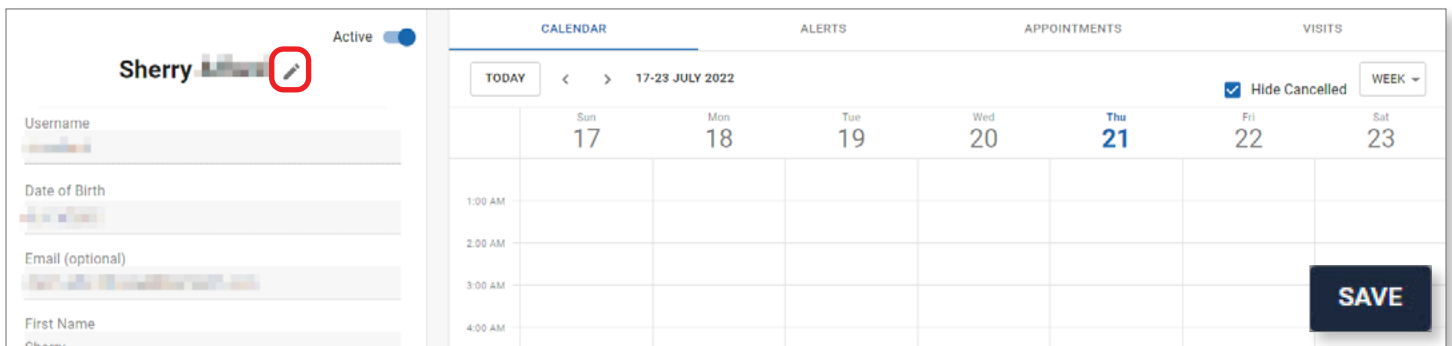

To create employees in bulk, click the **IMPORT** button at the bottom left of the Employees page (Figure 15), download the Excel template, fill it out thoroughly, then upload it by clicking the **IMPORT** button again.

Please Note: If the uploaded spreadsheet is inaccurate, any revisions to that information will need to be made by editing the profiles within the system. Users **cannot** edit and re-upload the spreadsheet.

MODIFY EMPLOYEE DETAILS

To modify employee details, select the **pencil icon** next to the employee's name (Figure 16). The Employee details fields will become editable. Select the **SAVE** button at the bottom of the screen to save your changes.

Figure 16. Employee Details screen and **SAVE** button

In addition to general demographic information, the following fields are critical when setting up the Employee's profile:

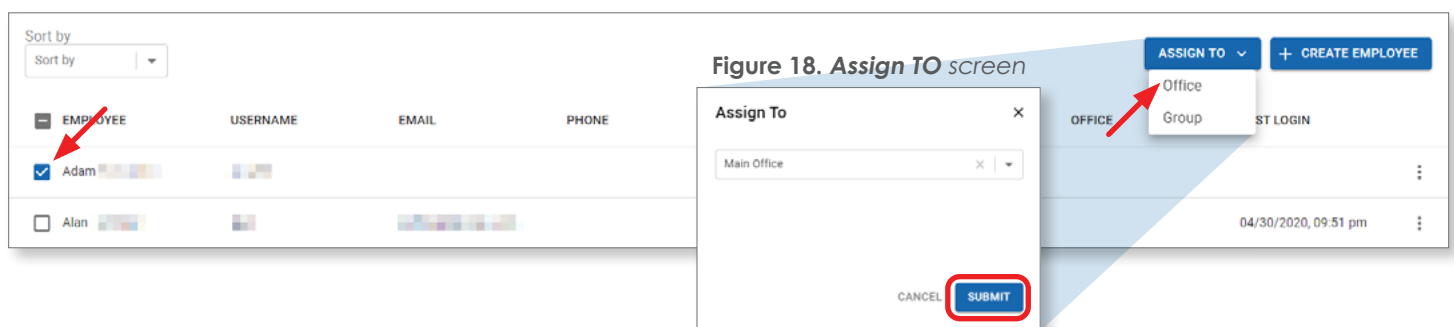

- **Username:** This username will need to be communicated to the new employee for them to sign up for the Provider Portal or Mobile Application. This is a required field.
- **Date of Birth:** This information is used to confirm the user's identity when logging into the app.
- **Email (optional):** If the user would like to receive communications via email a valid email address will need to be entered.

- **Phone Number:** If the user would like to receive a text message with the multi-factor authentication codes for sign up and sign into the app on their mobile phone, this field will need to be completed. (Text messaging or data rates apply.)
- **License Number:** For claims to be submitted without error, the caregiver's **Certified Home Health Aide (CHHA)** number should be entered into this field.
- **Role:** Used to differentiate one type of employee from another. The Provider Portal user roles are as follows:
 - **Admin:** Has no access restrictions to view or act in the CareBridge Solution.
 - **Admin - Office:** Has access to view/do all things for the offices to which they are assigned
 - **Employee:**
 - Cannot view Payroll or Compliance Score reports
 - Cannot view Billing Dashboard
 - Cannot complete **Manual Entries**
 - Cannot generate claims
 - **Employee - Office:**
 - Can only view member data in the offices to which they are assigned
 - Cannot view Payroll or Compliance Score reports
 - Cannot view Billing Dashboard
 - Cannot complete **Manual Entries**
 - Cannot generate claims
- **Employee Type (optional):** Used to differentiate caregivers from office workers.
- **Worker Rate (optional):** Worker Rate is used to accurately calculate payroll reports.
- **Interactive Voice Response (IVR) PIN:** If the employee would like to utilize **IVR** an IVR PIN will need to be entered. (For more information on **IVR**, see the [Check-in & Check-out](#) section.)

ASSIGN EMPLOYEES TO OFFICES AND/OR GROUPS

Employees/caregivers and members can be assigned to **Offices** or **Groups** to better drive the scheduling of caregivers to members and to be able to run reports by agency location or employee type. Select one or more employees/caregivers using the **check box** to the left of the employee name, Select the **ASSIGN TO** button in the top right of the page (Figures 17 and 18) to assign the selected Employees to an Office or Group. For more information on Offices and Groups, see the [Settings](#) section.

Figure 17. Employee **ASSIGN TO** drop-down menu

EMPLOYEES REPORTS

By default, the **PERSONAL FILTER** is selected upon navigating to the Employees page. It can be used to filter and sort the Employees page table in a variety of ways to return subsets of employees that are the most useful. In addition to the **PERSONAL FILTER**, there are two reports that have predefined filters to help quickly navigate to useful employee data (Figure 19).

Figure 19. Employees page reports

- **PAYROLL:** This report returns payroll data for a given period for each employee based on completed visits within that time.
- **COMPLIANCE SCORE:** This report returns a list of all employees sorted in ascending order by Compliance Score. Compliance Score is the percentage of EVV visits that are compliant, (defined as EVV or **IVR** visits) relative to the total number of visits. Examples of non-compliant visits are **Manual Entries**, early visits, late visits, or missed visits.

To export any of the data on the Employees page to a **PDF**, **XLS**, or **CSV** file, select the **EXPORT TO FILE** button on the bottom of the page (Figure 20). Upon selecting the file type, the document will begin downloading and will be available on the Settings page on the left navigation pane under the **DOCUMENTS** sub-tab. For more information, see the [Settings](#) section.

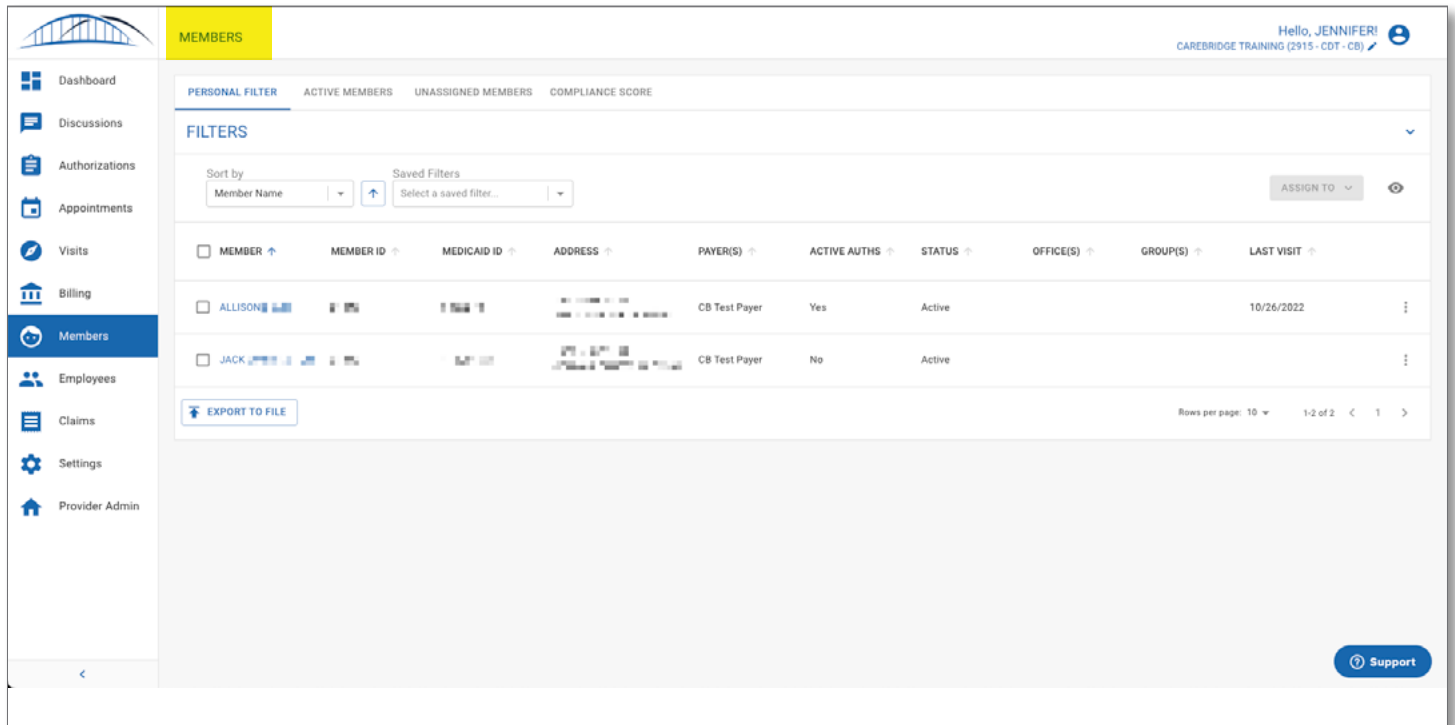

Figure 20. Employees page **EXPORT TO FILE** options

MEMBERS

The Members page in the CareBridge Provider Portal allows the designated Agency Employees to view and edit member information. The Members page (Figure 21) is populated with data from the Member file, (provided by the State or the MCO) and updates daily with the most recent information.

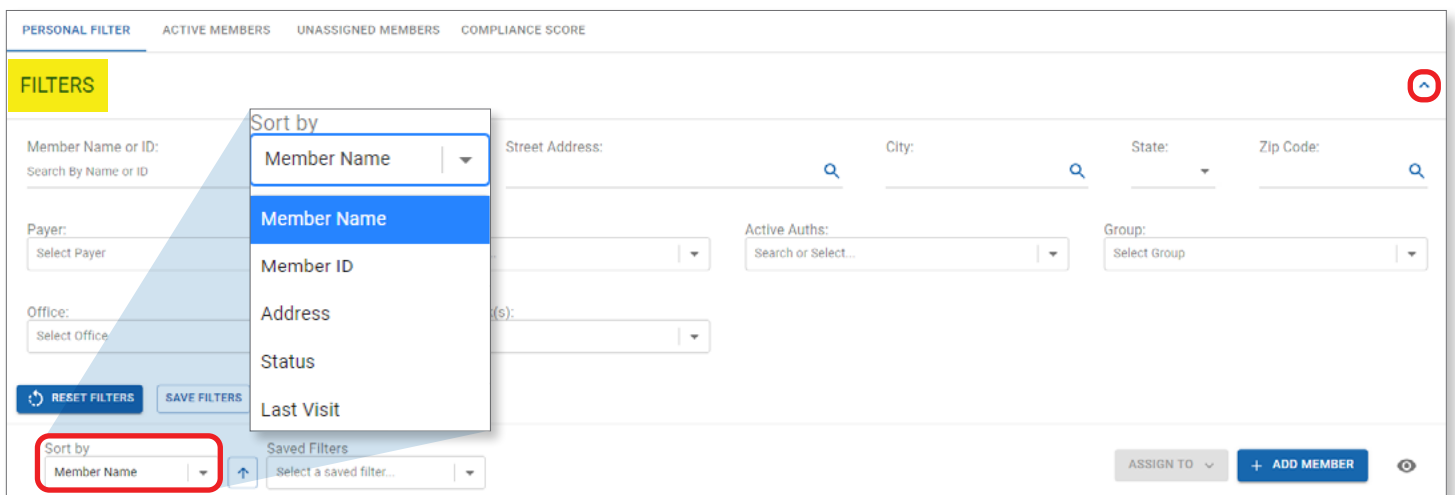

Figure 21. Members page

VIEW MEMBERS

Once a user navigates to the Members page, they will see a tabular view of all members that are currently in the Provider Portal. This table can be filtered and sorted with several parameters by selecting the **expand arrow** in the **FILTERS** component at the top left of the table, or the **Sort by** dropdown menu (Figure 22).

Figure 22. Members page **FILTERS** and **Sort by** dropdown menu options

VIEW MEMBER DETAILS

To view more details about a Member, select the **menu icon (3 dots)** on the right side of the member's row and then select **Member Details** (Figure 23).

Figure 23. Member page **Menu Icon (three dots)**

MEMBER	MEMBER ID	MEDICAID ID	ADDRESS	PAYER(S)	ACTIVE AUTHS	STATUS	OFFICE(S)	GROUP(S)	LAST VISIT

<input type="checkbox"/>	Elden			CB Payer	Yes	Active	Jane Home Health Trenton, Main Office		09/27/2021

From the **Member Details** screen (Figure 24), users can view member demographic info, a **CALENDAR** view of visits, list views of upcoming **APPOINTMENTS** (if there are any), and completed **VISITS**, **DISCUSSIONS** about the member, and their **AUTHORIZATIONS**.

MODIFY MEMBER DETAILS

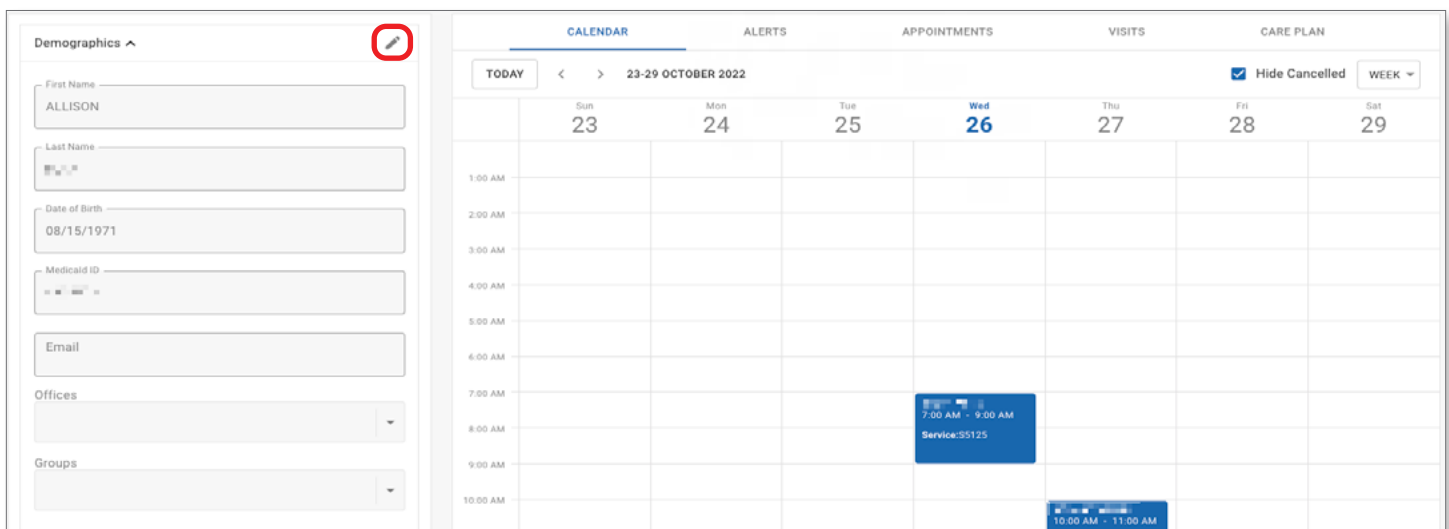

The Member Details page is populated with data from the Member file (provided by the State or the MCO) and updates daily with the most recent information. In some instances, it may be necessary to update a member's address or phone number to reflect more up-to-date changes than have been reflected in the Member file. To modify these details, select the **pencil icon** next to the member's name in **Member Details** (Figure 25).

Figure 25. Member Details screen

Upon selecting the **pencil icon**, the user will be presented with a dialog to input the new/corrected address or phone number (Figure 26). The **Address Type** drop-down provides a place to record where the member is staying if not at home - i.e., "Church", "Family Member's Home" or "Temporary Residence". Once **SAVE** is selected, the address or phone number will be sent to the Payer (MCO) for approval. Until it is approved, the address or phone number will not be available to use for the purposes of scheduling an appointment or completing a visit. The request can be viewed at any point in the Discussions card located within Member Details.

Figure 26. Member Details pencil icon

Edit Appointment Information in Bulk

When in the **Member Details** dialog, appointment times and employee (caregiver) assignments can be edited in bulk. Simply go to the **APPOINTMENTS** sub-tab and edit groups of appointments by selecting the **check boxes** on the left end of the appointment rows. Then click on the **EDIT APPOINTMENTS** button (Figure 28).

Next, make the **Start Time** and/or **End Time** changes, select the appropriate **EMPLOYEE** (caregiver) if necessary, and click **SUBMIT** (Figure 29). On the next screen, double-check your changes and click **GO BACK** to make more edits or **CONFIRM** to save your changes.

ASSIGN MEMBERS TO OFFICES AND/OR GROUPS

Use the **check boxes** next to member names on the Members page to select them, then select the **ASSIGN TO** button at the top right of the table to assign members to **Offices** or **Groups** (Figure 31). (See the [Settings](#) section for more information about **Offices** and **Groups**.)

Figure 28. Appointment **check boxes** and **EDIT APPOINTMENTS** button

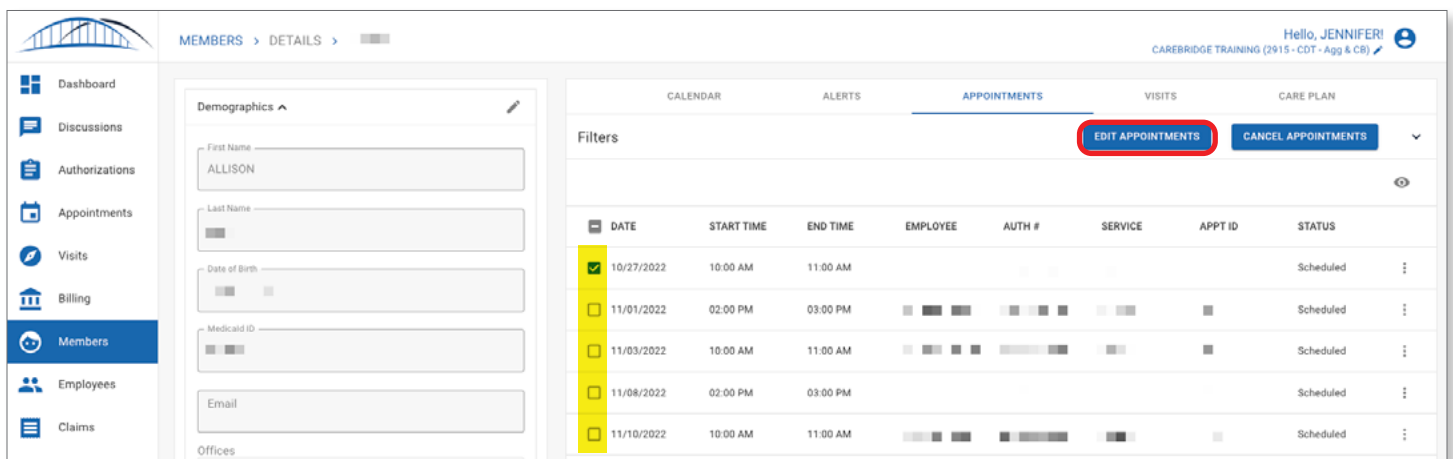

Figure 29. Edit Appointments **SUBMIT** and **CONFIRM** screens

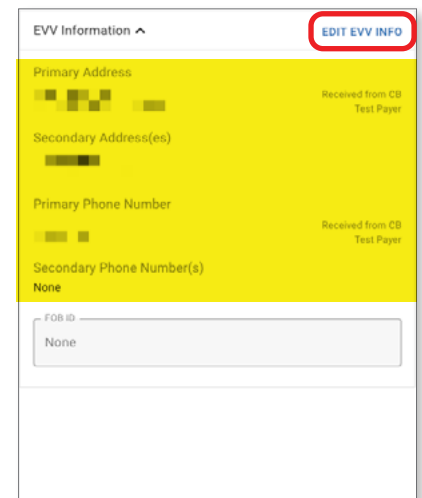

Figure 27. Member **Address Update** screen

MEMBER REPORTS

By default, the **PERSONAL FILTER** is selected upon navigating to the Members page. Filters can be used to manipulate and sort the Members page table in a variety of ways and return the subsets of members that are most useful. In addition to the **PERSONAL FILTER**, there are three reports that have predefined filters to help quickly navigate to useful member data (Figure 31).

Figure 30. Members page **ASSIGN TO** drop-down menu

- **ACTIVE MEMBERS:** This report returns a list of all active members.
- **UNASSIGNED MEMBERS:** This report returns a list of all members who have not been assigned to an **Office**.
- **COMPLIANCE SCORE:** This report returns a list of all members (ascending order) by Compliance Score.

Figure 31. Members page reports

To export any of the data on the Members Page to a **PDF**, **XLS**, or **CSV** file, select the **EXPORT TO FILE** button on the bottom of the page (Figure 32). Upon selecting the file type, the document will begin downloading and will be available on the Settings page under the **DOCUMENTS** sub-tab.

Figure 32. **EXPORT TO FILE** drop-down menu options

VIEW AUTHORIZATIONS

The Authorizations page contains a tabular view of all authorizations that are currently available in the Provider Portal. This table can be filtered and sorted with several parameters by selecting the **expand arrow** or the word **FILTERS** at the top of the table (Figure 34) or the **Sort by** drop-down at the bottom left of the **FILTERS** area (Figure 35).

Figure 34. Authorization page **FILTERS**

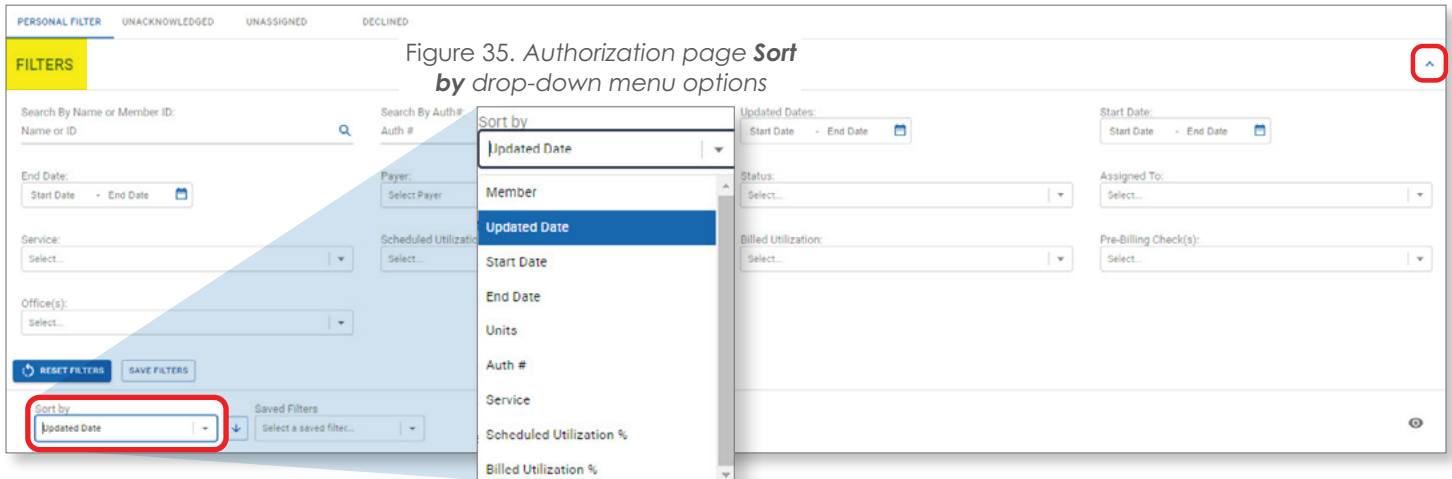

Figure 35. Authorization page **Sort by** drop-down menu options

ACKNOWLEDGE RECEIPT OF AN AUTHORIZATION

When authorizations are made available to a Provider, they will display on the Authorizations page with a status of **Received**. The user will need to acknowledge the authorization by clicking the **Received** button and selecting **Acknowledge** from the drop-down menu (Figure 36). This will update the status in the table and will be communicated to The MCO for that authorization. If you cannot accept an authorization, you must contact The MCO directly. You must respond to all authorizations.

Figure 36. Acknowledge authorizations

SCHEDULE APPOINTMENTS (OPTIONAL)

When viewing an authorization on the Authorizations page, a user can navigate directly to the appointment scheduling workflow. By selecting the **calendar icon** on the Authorizations page (Figure 38), they can view the **Appointment Scheduling** dialog. If the **calendar icon** is not available, but the authorization is active, remember to check the member's eligibility. For more information about scheduling appointments, refer to the [Appointments](#) section.

Figure 38. *Schedule appointments from the Authorizations page*

From the **Authorization Details** screen (Figure 40), the user can view Start/End Dates, Service Codes, Modifiers, Hours, Units, Limits, Schedules, Utilization Percentages, as well as upcoming Appointments (if any) and completed Visits associated with the authorization.

There are also several actions that can be utilized directly from the **Authorization Details** screen by clicking on the **pencil icon**:

Figure 40. Authorization Details screen

The following file types can be uploaded: .doc, .docx, .pdf, .jpg, .csv, .xls, .xlsx, .json, .png, .jpeg, and .txt

- Add a secondary Diagnosis Code to the authorization.
- Assign an employee to the authorization.
- Add notes to the authorization.
- The **SCHEDULE APPOINTMENT** button will take the user to the Appointments Scheduling dialog. For more information about scheduling appointments, refer to the [Appointments](#) section.
- The **+ MANUAL ENTRY** button takes the user to the Manual Entry dialog. For more information about manual entries, refer to the [Check-In & Check-Out](#) section
- The **Close** button will close Authorization Details.

AUTHORIZATIONS REPORTS

By default, the **PERSONAL FILTER** is selected on the Authorizations page. It can be used to filter and sort the Authorizations table in a variety of ways to return the subset of Authorizations that is most useful. In addition to the **PERSONAL FILTER**, there are three reports that have predefined filters to help quickly navigate to useful Authorizations data (Figure 41).

Figure 41. Authorizations page reports

- **UNACKNOWLEDGED:** This report returns a list of all authorizations that have not yet been acknowledged or declined.
- **UNASSIGNED:** This report returns a list of all authorizations that have not yet been assigned an employee.
- **DECLINED:** This report returns a list of all authorizations that have been declined.

Figure 42. Authorizations page EXPORT TO FILE options

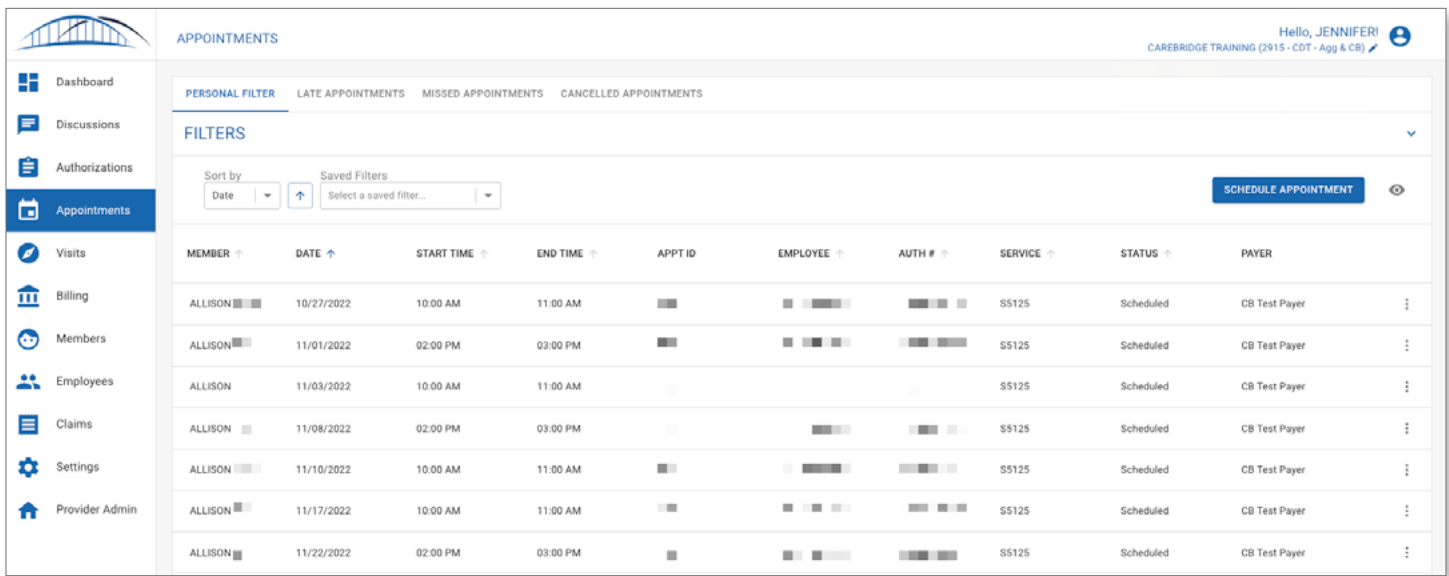

To export any of the data on the Authorizations Page to a **PDF**, **XLS**, or **CSV** file, select the **EXPORT TO FILE** button on the bottom of the page (Figure 42). Upon selecting the file type, the document will begin downloading and will be available on the Settings page under the **DOCUMENTS** sub-tab.

APPOINTMENTS

The Appointments page in the CareBridge Provider Portal (Figure 43) allows Agency Employees to view upcoming, scheduled appointments (if any) as well as identify and act upon early, late, or missed visits. **Please note:** If caregivers are using the mobile application to create ad-hoc appointments at the start time of the appointment, those instances will be available for review on the **Visits** page.

Figure 43. Appointments page

SCHEDULING APPOINTMENTS IN THE PROVIDER PORTAL

For appointments to appear on the Appointments page they must first be scheduled. **Scheduling appointments is optional in Tennessee.** To schedule an appointment within the Provider Portal, first navigate to the Authorizations page (see the [Authorizations](#) section) and select the **calendar icon** next to the authorization for which it is necessary to schedule an appointment (Figure 44).

Upon selecting the **calendar icon**, the user is taken to the **Schedule Appointment** screen (Figure 45).

Figure 44. Authorizations page **Calendar Icon**

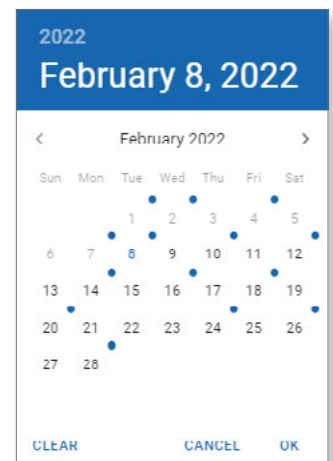

Figure 45. *Schedule Appointment* screen

On the left side of the **Schedule Appointment** screen, view any current authorizations for the member and choose the authorization needed to schedule appointments by clicking the **Select For Scheduling** check box.

On the right side of the dialog the **Start Time** and **End Time** details can be added for all the upcoming appointments to be created. If you have multiple appointments with different start/end times, you will need to schedule them individually.

To select dates for appointments, choose one of the following two options:

- Click the **calendar icon** in the Individual Date Selection card to select individual dates for appointments. The user can individually select as many dates as necessary from the Individual Date Selection calendar (Figure 45). Once the dates are selected, they will display in the Dates Selected card (Figure 46).
- Recurring appointments can be selected using the Repeat Schedule card by entering the following fields:
 - Start Date: This is the date on which the repeated schedule will begin.
 - Repeat Every: This is the frequency with which the repeated schedule will generate appointment dates. Example: Repeat Every 3 Weeks.
 - Repeat On: These are the days of the week that the repeated schedule will generate appointment dates.
 - End: Choose to end the repeated schedule after a certain number of visits or after a certain date by selecting one of the radio buttons.

Figure 46. *Individual Date Selection Calendar*

Upon completion of the fields listed, the Dates Selected card will populate with the appropriate dates based on the Repeat Schedule fields (Figure 47).

Figure 47. Appointment dates selection

The user can also choose to remove any previously selected dates by clicking the **X icon** next to the date in the Dates Selected card or click on the **Trash Can icon** to delete all of the selected dates.

Once the desired dates are displayed in the Dates Selected card, select the **SCHEDULE APPOINTMENTS** button at the bottom to generate newly scheduled appointments.

SCHEDULING APPOINTMENTS IN THE MOBILE APPLICATION

Caregivers can schedule ad-hoc appointments in the CareBridge mobile application.

1. Click on the **+ symbol** and find the member's name and Service Code.
2. Click on the **member's name**.
3. Enter the **start and end times** of the appointment.
4. Click **OK** to confirm the appointment.
5. Now they will be able to see the member/appointment on the appointment schedule list.

Caregivers can either schedule their appointments in advance and create an appointment schedule, or they can schedule the appointment at the start time of the appointment and Check-In immediately. In the latter case, the appointment will be classified as a visit, and will be available for review on the Visits page in the Provider Portal.

VIEW APPOINTMENTS

On the Appointments page (Figure 48), the user can see a tabular view of all appointments that are currently scheduled. This table can be filtered and sorted with several parameters by selecting the **expand arrow** or the word **FILTERS** or the **Sort by** drop-down menu (Figure 49).

Figure 48. Appointments page

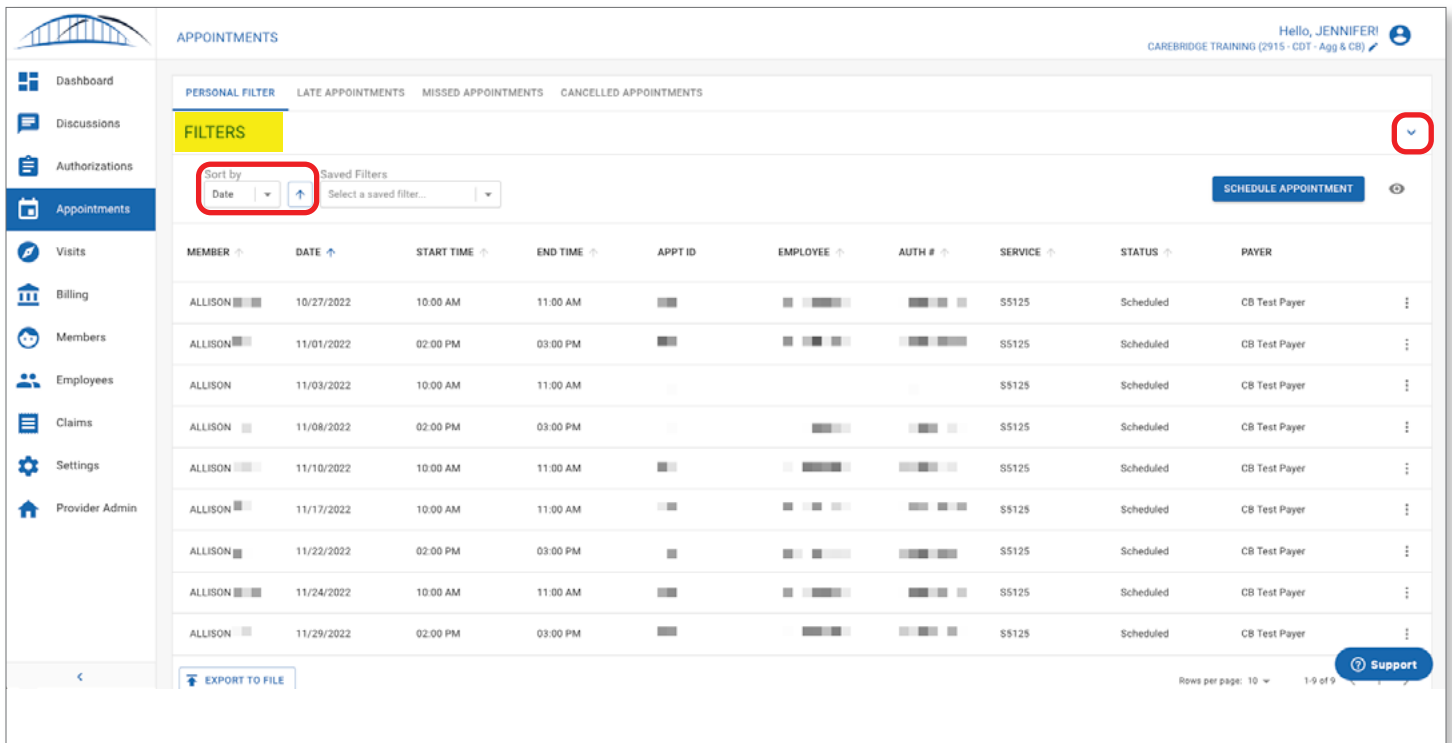

Figure 49. Appointments page FILTERS and Sort by menu

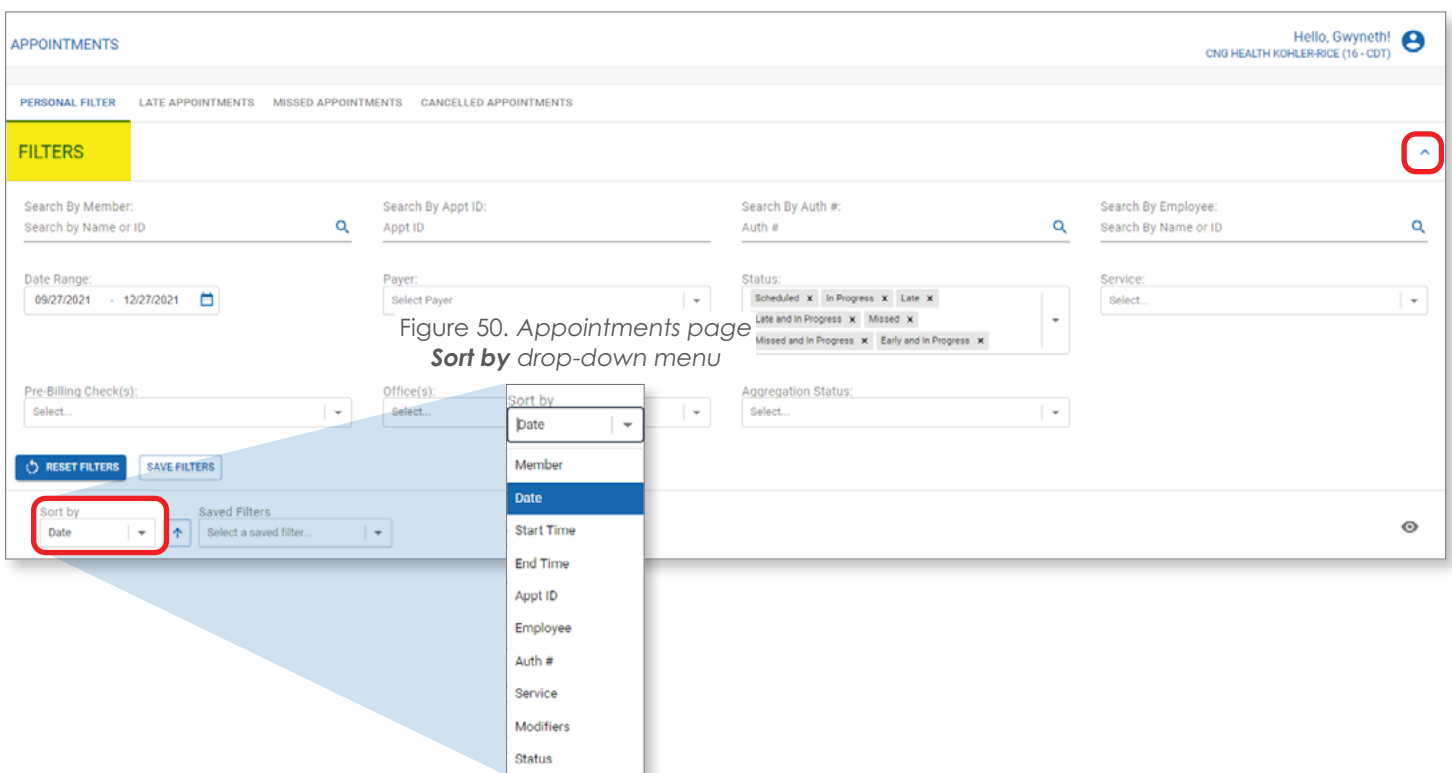

Figure 50. Appointments page Sort by drop-down menu

APPOINTMENT DETAILS

To view more details about an appointment, select the **menu icon (3 dots)** on the right side of the appointment row and select **Appointment Details** (Figure 51).

Figure 51. Appointments page **menu icon (3 dots)** and **Appointment Details** link

MEMBER	DATE	START TIME	END TIME	APPT ID	EMPLOYEE	AUTH #	SERVICE	STATUS	PAYER	
Elden	09/27/2021	03:00 PM	04:00 PM		Gwyneth		S5125	Missed	CB Payer	⋮
Elden	09/28/2021	09:00 AM	10:00 AM		Gwyneth		S5125	Scheduled	CB Payer	Appointment Details Authorization Details Member Details
Elden	09/28/2021	05:00 PM	05:30 PM		Gwyneth		S5125	Scheduled	CB Payer	

From the **Appointment Details** screen, associated data in the Appointment and Billing cards can be found, as well as a Notes card to add notes and attach files to the appointment. A user may move between all the member's upcoming **APPOINTMENTS** and completed **VISITS** by selecting them from the list on the left. Finally, the user can explore a list of Pre-Billing **ALERTS**, the member's **CLAIMS HISTORY**, the member's **OBSERVED CHANGES** data, a **CALENDAR** view of all the member's appointments and visits in one place, and their **SCHEDULE HISTORY** by selecting each of those options from the tabs on the right (Figure 52).

Figure 52. Appointment Details screen

From the bottom of the **Appointment Details** page, the user may choose to utilize three actions:

- **EXPORT FOR BILLING:** If the visit has been completed properly, it can be exported.
- **MANUAL ENTRY:** for non-EVV visits, complete a **Manual Entry**. (See the [Visits](#) section for more information about **Manual Entries**.)
- **RESCHEDULE:** for the appointment selected, choose a new date, or modify any of the appointment details by selecting **RESCHEDULE**.

- **CANCEL APPOINTMENT:** Admin and Admin-Office employees (in Offices to which they are assigned) may choose to cancel appointments and provide cancellation reasons.

APPOINTMENTS REPORTS

Figure 53. Appointments page reports

By default, the **PERSONAL FILTER** is selected upon navigating to the Appointments page. It can be used to filter and sort the Appointments table in a variety of ways to return the subset of appointments that is most useful. In addition to the **PERSONAL FILTER**, there are three reports that have predefined filters to help quickly navigate to useful appointments data (Figure 53).

- **LATE APPOINTMENTS:** This report returns a list of all appointments that are late. An appointment is considered late when a Check-In has not occurred within 1 hour of the appointment start time.
- **MISSED APPOINTMENTS:** This report returns a list of all appointments that have been missed. An appointment is considered missed when a Check-In has not occurred within 3 hours of the appointment start time.
- **CANCELLED APPOINTMENTS:** This report returns a list of all cancelled appointments. Appointments can only be cancelled by Admins or Admin-Office in the office(s) to which they are assigned.

To export any of the data on the Appointments page to a **PDF**, **XLS**, or **CSV** file, select the **EXPORT TO FILE** button on the bottom of the page (Figure 54). Upon selecting the file type, the document will begin downloading and will be available on the Settings page under the **DOCUMENTS** sub-tab.

Figure 54. Appointments page **EXPORT TO FILE** options

MOBILE APPLICATION CHECK-IN & CHECK-OUT

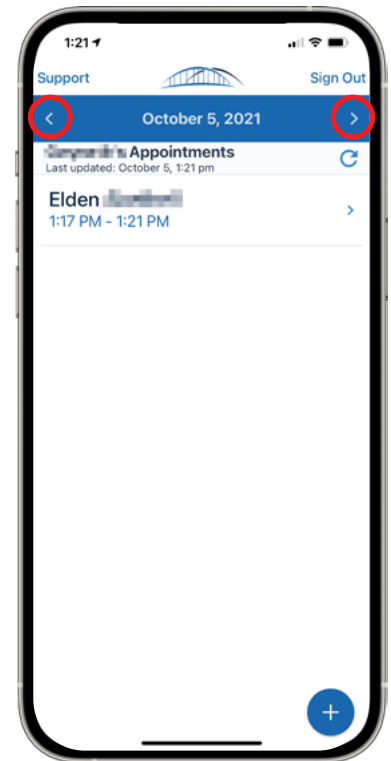

Within the CareBridge EVV Solution, there are two primary ways for a caregiver to Check-In and Check-Out of an appointment with a member. The preferred method is by utilizing the **CareBridge Mobile Application** and the second is by utilizing the **CareBridge Interactive Voice Response (IVR)** system.

Even when there is no cellular coverage at a member's home, the mobile app will store the **Check-In** and **Check-Out** information and forward it to the Provider Portal when the caregiver's mobile phone returns to an area with cellular coverage.

SCHEDULE

Upon logging into the CareBridge Mobile Application, the user will be presented with an appointment schedule list (Figure 55). If the user has scheduled visits (either scheduled by their Provider Agency or themselves via the mobile app) the list will allow the user to view appointments that are scheduled for that day. If the **arrow icons (< >)** on either side of the date are selected, they can view their past visits or tomorrow's schedule.

Figure 55. Schedule screen

CHECK-IN

To check into a scheduled appointment, select the **name** of the member in the Schedule list. Once selected, appointment information for the member, the GPS location for Check-In, and a calculation of the current distance from the scheduled location of the appointment are displayed (Figure 56).

Upon selecting **NEXT**, the user is presented with **Check In Details** including the current time, location, and differences between those and the scheduled time and location for the appointment. The user can check into the appointment by selecting the **CHECK IN** button, (Figure 57).

Please note: when different services are scheduled in consecutive order, the Caregiver must **Check-Out** of the first service and **Check-In** for the second service in order for the visits to complete properly and billing to occur accurately. These back-to-back appointments must be scheduled with at least **one minute** between them. For example, 9 am to 10 am and then 10:01 am to 11 am. The same minute cannot be used twice.

Figure 56. Check-In Location

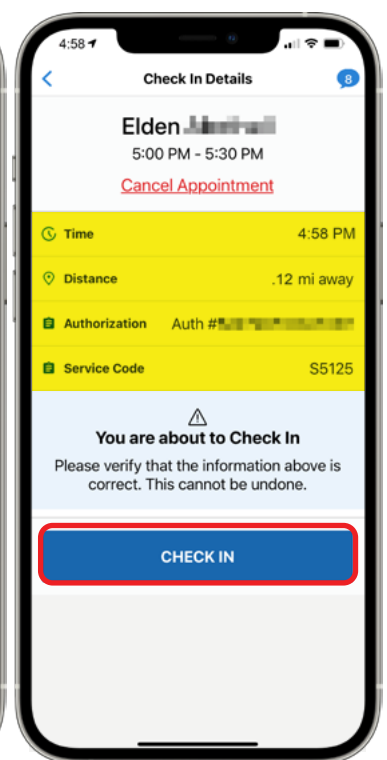

Figure 57. Check-In Details

Once the caregiver has checked-In and seen the **Check In Completed!** screen, (Figure 58), they should **STOP using the app**. They may begin working the visit and assisting the member. Once finished with their duties they may return to the mobile app to continue capturing the details of the visit. It will pick-up where they left off.

OBSERVED CHANGES

When checking out using the mobile app, the caregiver will be presented with important questions allowing them to indicate whether the member had any **Observed Changes** (Figure 59).

The caregiver should keep these things in mind while performing their tasks during the visit. Once they are finished with their duties, they may fill out the **Observed Changes Survey in the mobile app**.

All the questions are “yes/no” questions and to answer a question “yes,” select the **radio button** (○) next to the question. If the answer is “no,” leave the radio button empty. If there is an **Observed Change**, it will trigger a **Discussion** that is sent to both Payer (MCO) and Provider. **Discussions** can be accessed on the Discussions page. Once all questions are answered, the caregiver can select the **CONTINUE** button. If there are no changes, the Caregiver may select **NO OBSERVED CHANGES** (Figure 59) and then **Confirm**.

Figure 58. Check In Completed!

Figure 59. Observed Changes

CHECK-OUT

Once the **Observed Changes** documentation is complete, the caregiver is presented with **Check Out** details and should confirm that all their **Observed Changes** documentation is correct. After reviewing, they select the **Collect Signature** button. At this point, the member has an (optional) opportunity to attest to the visit by providing their signature in the mobile app (Figure 60). Once a signature is added, the caregiver can select **APPROVE** to complete the **Check-Out** workflow and the visit. If a member cannot sign, the signature can be skipped by clicking **APPROVE** and selecting **Member Refused** or **Member Unable** (Figure 61). Once the Caregiver has selected **APPROVE**, the visit is complete (Figure 62).

Figure 60. Collect Signature

Figure 62. You are done!

Figure 61. Without Signature

INTERACTIVE VOICE RESPONSE (IVR)

There will be instances when the caregiver cannot utilize the CareBridge Mobile Application. In these instances, they can use the **Interactive Voice Response (IVR)** system. To Check-In and Check-Out, the caregiver will need to call the **IVR** phone line **(501) 443-4065**, from the member's approved phone number. Additionally, the caregiver will need to input a **Sign-Up code**, **Provider ID** and an **IVR PIN** to identify themselves during the **IVR** process. The **Provider ID** and **IVR PIN** will be provided to them by the Agency Administrator/Manager as a part of their training.

The **IVR** system will walk the caregiver through a series of interactive questions to complete the **Check-In**, **Observed Changes** survey, and **Check-Out**.

VISITS

The Visits page in the CareBridge Provider Portal (Figure 63) allows Agency Employees to view completed visits, pre-claim checks, and to request claims.

VIEW VISITS

The Visits page displays a tabular view of all visits that have been completed. This table can be filtered and sorted with a few parameters by selecting the **expand arrow** or the word **FILTERS** at the top of the table, or the **Sort by** drop-down at the top left of the table (Figure 64).

Figure 63. Visits page

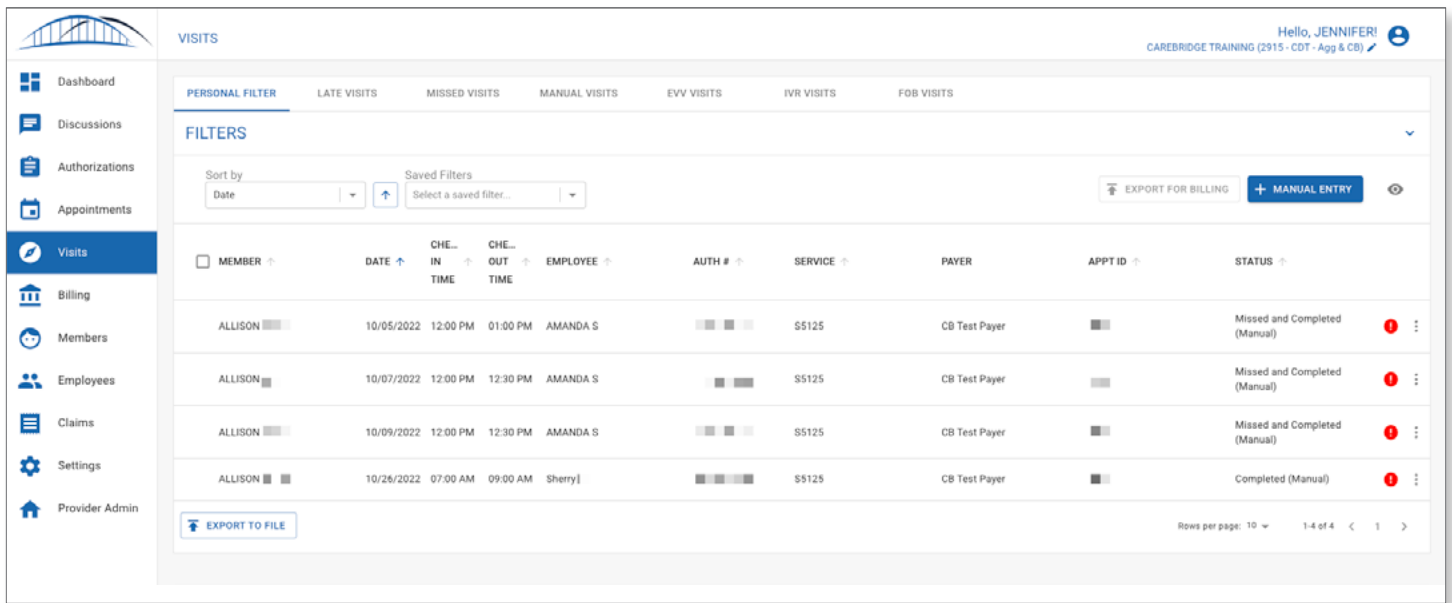

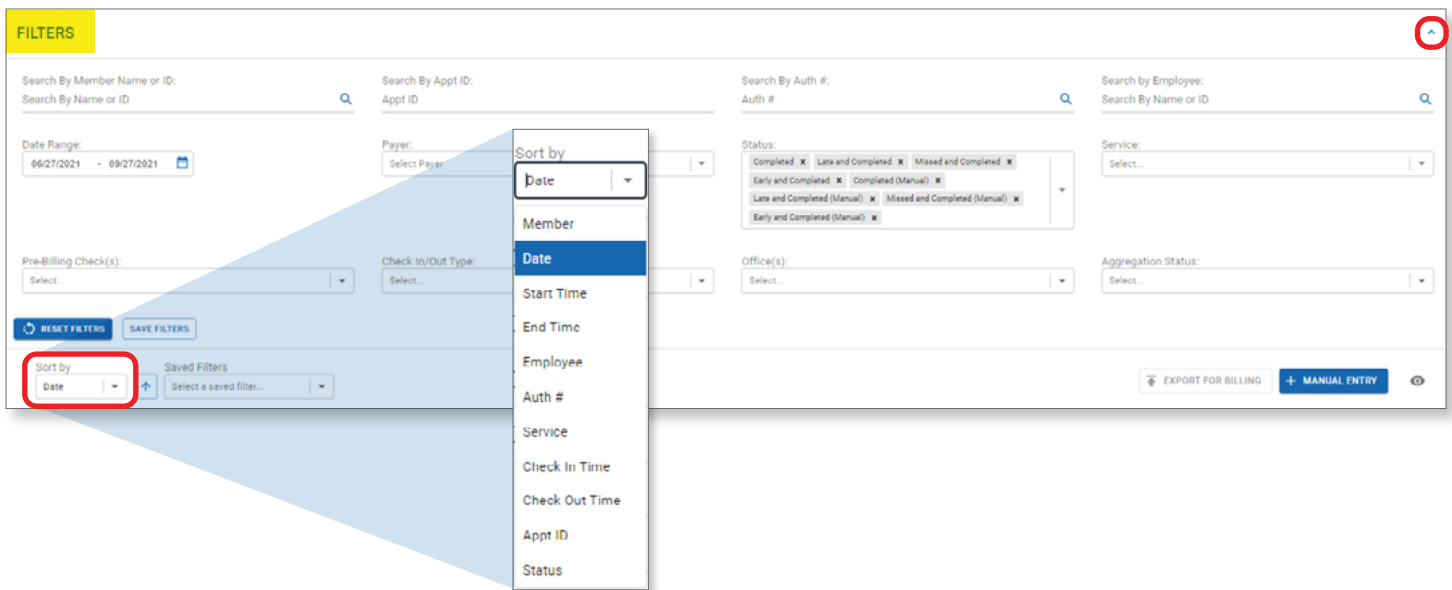

Figure 64. Visits page FILTERS and Sort by drop-down menu options

VISIT DETAILS

To view more details about a visit, select the **menu icon (3 dots)** on the right side of the visit row and select **Visit Details** (Figure 65).

Figure 65. Visits page **menu icon (3 dots)**

MEMBER	DATE	START TIME	END TIME	EMPLOYEE	AUTH #	SERVICE	CHECK IN TIME	CHECK OUT TIME	PAYER	APPT ID	STATUS
<input type="checkbox"/> Elden Abethell	08/05/2021	09:00 AM	11:00 AM	James Dean	522798531223088	S5125	09:00 AM	11:00 AM	CB Payer	557803	Missed and Completed (Manual)
<input type="checkbox"/> Elden Abethell	08/11/2021	09:00 AM	11:00 AM	Kay Adams	522798531223088	S5125	09:00 AM	11:00 AM	CB Payer	557809	Missed and Completed
<input type="checkbox"/> Elden Abethell	09/03/2021	09:00 AM	10:00 AM	Gwyneth Mceuen	522798531223088	S5125	09:00 AM	10:00 AM	CB Payer	557820	Missed and Completed

From the **Visit Details** screen, (Figure 66) the user can view associated data in the various cards on the (default) **DETAILS** tab as well as add Notes to the visit. They can also move between all the member's upcoming **APPOINTMENTS** and completed **VISITS** by selecting from the list on the left. Finally, the user can see any of the member's **ALERTS**, their **CLAIMS HISTORY**, **OBSERVED CHANGES** data, a **CALENDAR** style view of appointments and visits, and the member's **SCHEDULE HISTORY** (viewed by clicking the **right arrow >**) by selecting any of those options from the tabs on the right.

From the bottom of the **Visit Details** page, the user may utilize four actions:

Figure 66. Visit Details screen

The screenshot shows the 'Visit Details' interface for a member named Allison. On the left, there is a navigation menu with options like Dashboard, Discussions, Authorizations, Appointments, Visits, Billing, Members, Employees, Claims, Settings, and Provider Admin. The main area is divided into two sections: a list of visits and a details card. The visits list shows several entries with dates, times, and durations. The details card for a visit on 10/26/2022 shows it was missed and completed manually. Below the details card, there are sections for Pre-billing Checks, Billing information, and a Missed Visit section. At the bottom, there are four action buttons: EXPORT FOR BILLING, MANUAL ENTRY, RESCHEDULE, and CANCEL VISIT.

- **EXPORT FOR BILLING: COMPLETED AND EVV-COMPLIANT VISITS MAY BE EXPORTED FOR BILLING.**
- **MANUAL ENTRY:** Completed for visits not captured using the EVV app or **IVR**, or to edit an EVV visit.
- **RESCHEDULE:** If the user is an Admin or an Admin-Office assigned to that office, they may reschedule appointments.
- **CANCEL VISIT:** If the user is an Admin or an Admin-Office assigned to that office, they may cancel the visit.

MANUAL ENTRY

Figure 67. Manual Visit Entry

In some cases when an EVV Check-In or Check-Out cannot be completed or there is a need to edit an EVV Check-In or Check-Out, an employee can complete a **Manual Entry**.

For a visit that does not have an EVV Check-In and Check-Out, navigate to the visits page and select the **+ MANUAL ENTRY** button from the top right of the table, then the **Manual Visit Entry** option from the drop-down menu (Figure 67).

The **Manual Entry** dialog will open, allowing the user to enter information about the visit and a **Manual Reason Code** indicating why an EVV Check-In or Check-Out was not possible (Figure 68).

In cases in which a visit does have an EVV Check-In and/or Check-Out, but has details that need to be edited, the user may navigate to **Visit Details** and select the **MANUAL ENTRY** button at the bottom of the screen to edit the visit.

Figure 68. Manual Entry dialog

The screenshot shows a 'Manual Entry' dialog box with the following fields and values:

- Member: ALLISON
- Payer: CB Test Payer
- Employee: AMANDA S
- Authorization: S5125
- Appointment (optional): 10/05/2022 12:00 PM
- Status: Missed and Completed (Manual)
- Billing Status: Pending
- Service Code: S5125
- Modifier 1, 2, 3, 4: (Empty)
- Service Provider: CAREBRIDGE TRAINING (128886116)
- Service Provider NPI: (Empty)
- Service Provider Medicaid ID: (Empty)
- Location: (Empty)
- Check-In Date/Time: 10/05/2022 12:00 PM
- Check-Out Date/Time: 10/05/2022 01:00 PM
- Visit Duration: 1 hours 0 minutes (4 units)
- Check In Location, Check Out Location: (Empty)
- Acceptable Locations: Yes
- Diagnosis Code: (Empty)
- Manual Reason Code: Select Reason Code (highlighted in yellow)
- Notes: Enter a note (with an Attach File button)

 At the bottom right, there are 'CANCEL' and 'SUBMIT' buttons.

EXPORT FOR BILLING

Once a visit is completed and ready to be claimed, Agency Administrators may export by selecting the **check box** next to one or many visits and then selecting the **EXPORT FOR BILLING** button at the top right corner of the table (Figure 69).

Figure 69. EXPORT FOR BILLING

MEMBER	DATE	CHECK IN TIME	CHECK OUT TIME	UPDAT... DATE	EM...	AUTH #	SERVICE	APPT ID	CLAIM #	PAYER	STATUS	BILLED AMOUNT	PAID AMOUNT	BILLING STATUS
ALLISON	09/27/2022	04:20 PM	04:41 PM	09/28/2022	AMANDA S		S5125			CB Test Payer	Late and Completed	\$2.50	\$0.00	Queued

<input type="checkbox"/> Elden	12/06/2021	10:00 AM	12:10 PM	Gwyneth	55125	CB Payer	558527	Completed (Manual)

Pre-Billing Checks are visible on the Authorizations, Appointments, Visits, and Billing pages and are denoted with a **red exclamation icon**. By clicking the **red exclamation icon**, the Pre-Billing check is shown in detail (Figure 71).

Additionally, Pre-Billing Checks can be viewed on each page by filtering using the **Pre-Billing Check(s)** drop-down menu (Figure 72).

Figure 72. Pre-Billing Check(s) filter drop-down menu

The following table (Figure 73) is a full list of Pre-Billing Checks performed in the CareBridge Solution and potential opportunities to resolve the Pre-Billing Check to be able to submit the visit for billing.

Figure 73. Pre-Billing Checks and Resolutions table

PRE-BILLING CHECK	WHO RESOLVES	RESOLUTION
No authorization available during the appointment	MCO/PASSE	MCO issues a new authorization or clarifies
Member is ineligible during the appointment	MCO/PASSE	MCO changes eligibility or clarifies
Manual entry reason is missing on the appointment	PROVIDER	Provider updates the visit with a reason
Late reason is missing on the appointment	PROVIDER	Provider updates the visit with a reason
Missed reason is missing on the appointment	PROVIDER	Provider updates the visit with a reason
The appointment occurred outside of an authorization	MCO/PASSE	MCO updates authorization or clarifies
The visit has a claim in progress and is locked	PROVIDER	Provider views claim status and takes appropriate action
The Payer has marked the provider as inactive during appointment	MCO/PASSE	MCO re-activates the provider or clarifies
The claim has been denied by the Payer	PROVIDER	Provider views claim status and acts
Caregiver is ineligible during the appointment	PROVIDER	Provider ensures caregiver is eligible to deliver services
The claim has been rejected	PROVIDER	Provider views claim status and acts
Appointment has 0 units to bill	PROVIDER	Provider updates the visit via manual entry with units in order to bill
Appointment service code has no rate or unit definition	PROVIDER	Provider completes a manual entry to bill
Appointment has a terminated authorization	MCO/PASSE	MCO updates the authorization or clarifies
Appointment exceeds the authorization/segments max units	PROVIDER	Provider completes manual entry that reduces units to allow billing, or requests additional units from the MCO/PASSE
Caregiver has no birth date set	PROVIDER	Provider updates caregiver birth date
Appointment has no attestation	MEMBER	Member attests through member portal
Appointment has a caregiver without a license #	PROVIDER	Provider adds a caregiver license ID in employee details

PRE-BILLING CHECK	WHO RESOLVES	RESOLUTION
User has no Medicaid ID set	PROVIDER	Provider adds a worker Medicaid ID in employee details
Appointment has no duration	PROVIDER	Provider completes a manual entry to update the visit duration
Early reason is missing on the appointment	PROVIDER	Provider updates the visit with an early reason
Appointment has no service modifier	PROVIDER	Provider updates the visit in appointment visit details to include a service modifier

VISITS REPORTS

By default, the **PERSONAL FILTER** is selected upon navigating to the Visits page. It can be used to filter and sort the Visits table in a variety of ways to return the subset of visits that is most useful. In addition to the **PERSONAL FILTER**, there are five reports that have predefined filters to help quickly navigate to useful visits (Figure 74).

Figure 74. Visits page reports

- **EARLY VISITS:** This report returns a list of all visits that have been completed but were started early. A visit is considered early when a Check-In occurred 7 minutes or more before the appointment start time.
- **LATE VISITS:** This report returns a list of all visits that have been completed but were started late. A visit is considered late when a Check-In occurred 7 minutes or more after the appointment start time.
- **MISSED VISITS:** This report returns a list of all missed visits. A visit is considered missed when a Check-In did not occur 30 minutes or more after the appointment start time.
- **MANUAL VISITS:** This report returns a list of all **Manual Entry** visits.
- **EVV VISITS:** This report returns a list of all completed visits that have compliant EVV data.
- **IVR VISITS:** This report returns a list of all completed **IVR** visits.
- **FOB VISITS:** This report returns a list of all completed visits that were made using a FOB.

To export any of the data on the Visits Page to a **PDF, XLS, or CSV** file, select the **EXPORT TO FILE** button on the bottom of the page (Figure 75). Upon selecting the file type, the document will begin downloading and will be available on the Settings Page under the **DOCUMENTS** sub-tab.

Figure 75. Visits page **EXPORT TO FILE** drop-down menu options

BILLING

The Billing page in the CareBridge Provider Portal (Figure 76) allows agency employees to view completed visits that have been claimed, enabling them to address denials, rejections, and paid amounts.

Figure 76. Billing page

MEMBER	DATE	CHECK IN TIME	CHECK OUT TIME	UPDATED DATE	EM...	AUTH #	SERVICE	APPT ID	CLAIM #	PAYER	STATUS	BILLED AMOUNT	PAID AMOUNT	BILLING STATUS

VIEW BILLED VISITS

On the Billing page, the user will see a tabular view of all visits that have been claimed. This table can be filtered and sorted with several parameters by selecting the **expand arrow** or the word **FILTERS** at the top of the table or the **Sort by** drop-down at the top left (Figure 77).

Figure 77. Billing page **FILTERS**, **expand arrow**, and **Sort by** drop-down menu options

CLAIMS HISTORY

Once a completed visit has been exported for claims, the user will be able to view details about the billing status and claim information by selecting the **menu icon (3 dots)** on the right side of the row for the visit and then selecting **Visit Details** (Figure 78).

Figure 78. Billing page **Visit Details** link

MEMBER	DATE	CHECK IN TIME	CHECK OUT TIME	UPDATED DATE	EMPLOYEE AUTH #	SERVICE	APPT ID	CLAIM #	PAYER	STATUS	BILLED AMOUNT	PAID AMOUNT	BILLING STATUS
Elden	09/14/2021	09:20 AM	10:20 AM	09/16/2021	Gwyneth	S5125			CB Payer	Completed (Manual)	\$10.00	\$0.00	Generated
Elden	09/04/2021	03:00 PM	04:00 PM	09/16/2021	Gwyneth	S5125			CB Payer	Missed and Completed (Manual)	\$10.00	\$0.00	Generated
Elden	08/29/2021	01:00 PM	02:00 PM	08/31/2021	Gwyneth	S5125			CB Payer	Completed (Manual)	\$10.00	\$0.00	Generated

Visit Details will provide information for the billing status in the Billing card (Figure 79) as well as claims information in the **CLAIMS HISTORY** tab.

	N/A	Queued			09/26/2022, 02:06 PM

EXPORT FOR BILLING

If a visit needs to be resubmitted for a claim, agency employees can export by selecting the **check box** next to one or many visits and then selecting the **EXPORT FOR BILLING** button at the top right corner of the table (Figure 81).

Figure 81. Billing page EXPORT FOR BILLING button

The screenshot shows the 'Billing' page with a table of visits. The 'EXPORT FOR BILLING' button is highlighted with a red circle. The table has the following columns: MEMBER, DATE, CHECK IN TIME, CHECK OUT TIME, UPDATED DATE, EMPLOYEE AUTH #, SERVICE, APPT ID, CLAIM #, PAYER, STATUS, BILLED AMOUNT, PAID AMOUNT, BILLING STATUS.

MEMBER	DATE	CHECK IN TIME	CHECK OUT TIME	UPDATED DATE	EMPLOYEE AUTH #	SERVICE	APPT ID	CLAIM #	PAYER	STATUS	BILLED AMOUNT	PAID AMOUNT	BILLING STATUS
Elden	09/21/2021	05:46 PM	10:40 AM	09/25/2021	Katie	SS125			CB Payer	Completed	\$170.00	\$0.00	Generated, Generated
<input checked="" type="checkbox"/>	Friederike	08/17/2021	03:59 PM	04:04 PM	08/31/2021	Andrew	SS130		CB Payer	Completed	\$0.00	\$0.00	Prebilling Rejection
<input checked="" type="checkbox"/>	Friederike	08/12/2021	12:26 PM	12:29 PM	08/30/2021	Andrew	SS130		CB Payer	Completed	\$0.00	\$0.00	Prebilling Rejection
<input checked="" type="checkbox"/>	Elden	08/11/2021	09:25 AM	09:26 AM	08/18/2021	Andrew	SS125		CB Payer	Completed	\$0.00	\$0.00	Prebilling Rejection

The following billing statuses (Figure 82) are available in the CareBridge Solution and can be seen associated with Claim Requests.

Figure 82. Table of **Billing Status Definitions**

BILLING STATUS	DEFINITION
Acknowledged	This visit's claim has been received by the MCO.
Accepted	This visit's claim request was accepted by MCO/PASSE due to sufficient or valid data upon initial review.
Billed Externally	This visit was billed by an external EVV vendor.
Cancelled	This visit's claim request was cancelled.
Accepted	This visit's claim request was accepted by the MCO due to sufficient or valid data upon initial review.
Billed Externally	This visit was billed by an external EVV vendor.
Confirmed	This visit has a claim that was accepted by the MCO.
Denied	This visit's claim request was denied by the MCO due to insufficient or invalid data upon review.
Generated	This visit has a claim request that has been generated.
Joint Claim Processing	This visit has a claim request that is paused due to prior in-flight claim request(s) still being processed. The Joint Claim Processing claim request will be submitted for billing once the prior claim request(s) enter a terminal status (paid or denied).
Paid	This visit's claim was paid by the MCO.
Pending	This visit's claim request has not yet been exported for billing.
Prebilling Rejection	This visit was rejected due to insufficient or invalid data prior to a claim request being generated.
Queued	This visit has been queued for claim request generation.
Rejected	This visit's claim request was rejected by the MCO due to insufficient or invalid data upon initial review.
Submitted	This visit has a claim request that has been submitted to the MCO.
Voided	This visit's claim was voided.
Voided Externally	This visit's claim was voided by an external EVV vendor.

BILLING REPORTS

By default, the **PERSONAL FILTER** is selected upon navigating to the Billing Page. It can be used to filter and sort the Billing table in a variety of ways to return the subset of billed visits that is most useful. In addition to the **PERSONAL FILTER**, there are two reports that have predefined filters to help quickly navigate to useful billed visits data (Figure 83).

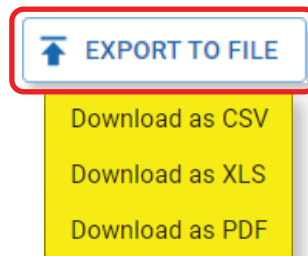

Figure 83. Billing page reports

- **Rejected Visits:** This report returns a list of all visits with rejected claims.
- **Denied Visits:** This report returns a list of all visits that have denied claims.

To export any of the data on the Billing page to a **PDF**, **XLS**, or **CSV** file, select the **EXPORT TO FILE** button on the bottom of the page (Figure 84). Upon selecting the file type, the document will begin downloading and will be available on the Settings page under the **DOCUMENTS** sub-tab.

Figure 84. Billing page **EXPORT TO FILE** drop-down menu options

COMMUNICATIONS

OVERVIEW

The following sections will help introduce you to the features within the CareBridge Solution that enable communication both within a Provider Agency as well as between a Provider Agency and the MCO.

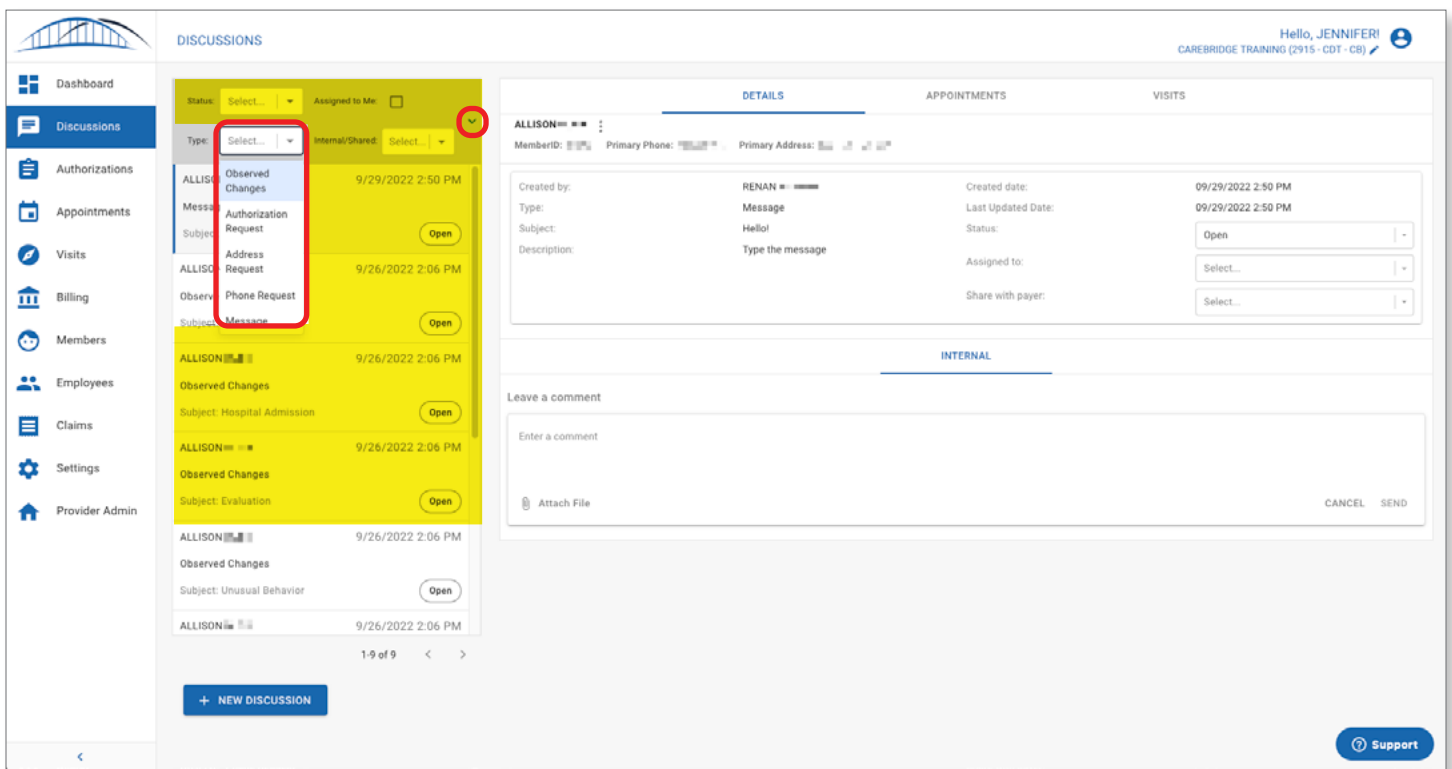

DISCUSSIONS

The Discussions page in the CareBridge Provider Portal (Figure 85) allows Agency employees to manage and prioritize inbound communications, act on critical tasks, and communicate within the Agency as well as with the MCO.

DISCUSSIONS NAVIGATION

On the Discussions page, the user will see a list on the left of all open discussions that are currently unassigned. This list can be filtered by **Status**, **Assigned to Me**, **Type**, **Internal/Shared**, and several other fields that are viewed by selecting the **expand arrow** on the right of the drop-down menus.

Figure 85. Discussions page and navigation

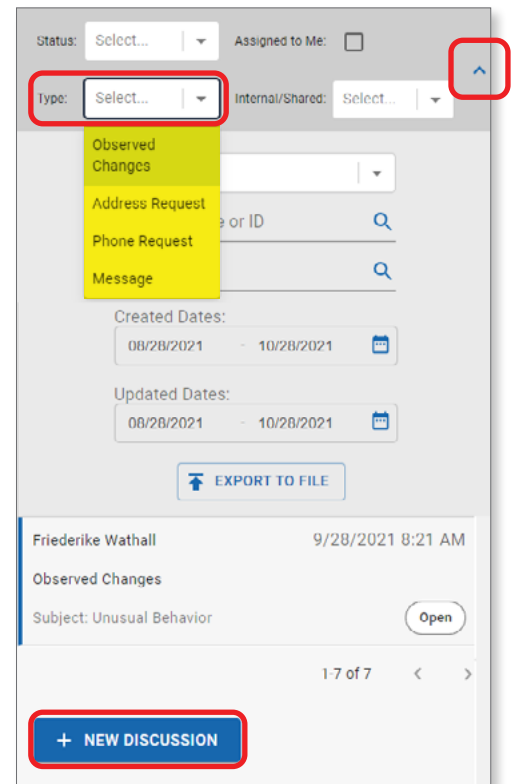

NEW DISCUSSION

There are four different types of Discussions that can be sent and received (Figure 86):

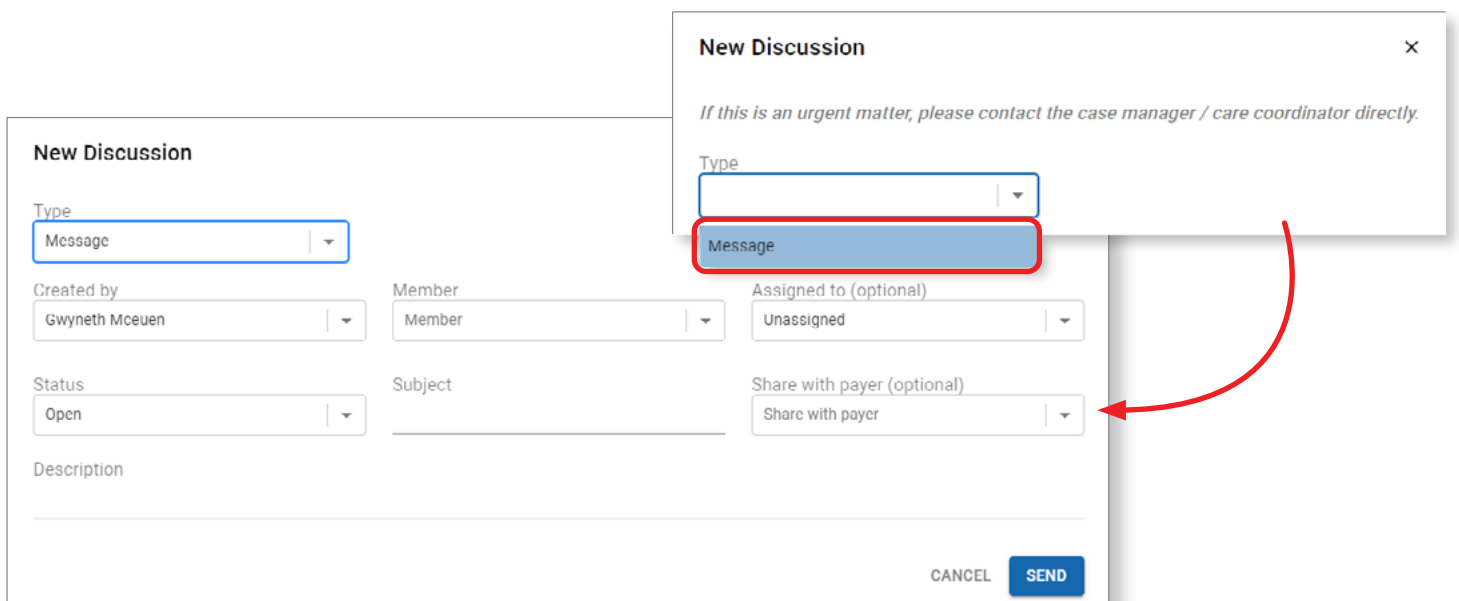

- Observed Changes:** This Discussion type allows caregivers to indicate if there have been any changes to the member's condition. **Observed Changes** items are generated as part of the survey completed by caregivers during a visit. When **Observed Changes** occur, a Discussion will be auto generated and sent to the Discussions page for both the Provider and the MCO.
- Address Request:** This Discussion type allows Providers to request a new or updated member address from the MCO. When an Address Request occurs, a Discussion will be auto generated and sent to the Discussions page for both the Provider and the MCO.
- Phone Request:** This Discussion type allows Providers to request a new or updated member phone number from the MCO. When a Phone Request occurs, a Discussion will be auto generated and sent to the Discussions page for both the Provider and the MCO.
- Message:** This Discussion type can be used for general messages between Agency employees or between an Agency and the MCO.

Figure 86. Discussion Type drop-down

To create a new Message Discussion, select the **+ NEW DISCUSSION** button at the bottom of the page (Figure 87). The New Discussion dialog box will appear. After selecting a Discussion **Type**, the user will need to complete the required fields before sending.

Figure 87. New Discussion dialog

DISCUSSION ITEM DETAILS

Upon selecting a Discussion, the user will see details about that Discussion in the **DETAILS** tab on the right side of the screen (Figure 88). Optionally, the user may choose to view upcoming **APPOINTMENTS** and past **VISITS** for that member by selecting the other tabs available at the top of the screen.

Figure 88. Discussion Details

There are several actions and filters that can be utilized within Discussions:

- **Status:** To track progress on a given Discussion, the user can update the **Status**. Statuses available are **Open**, **In Progress**, and **Closed**.
- **Assigned to:** To better manage tasks across a Provider agency, the user can choose to assign Discussions to a Caregiver.
- **Internal/Shared:** If the user needs to send the Discussion to the MCO, they can do so by selecting the **Shared** option from this drop-down.
- **Comments:** At the bottom of the Discussion, there are two tabs: **INTERNAL** and **SHARED**. Both tabs allow for comment threads to communicate about the item. The **SHARED** tab will only be available if the **Shared** option is chosen. Discussion with the MCO can be facilitated through entering comments in the **SHARED** tab.

DASHBOARD & REPORTING

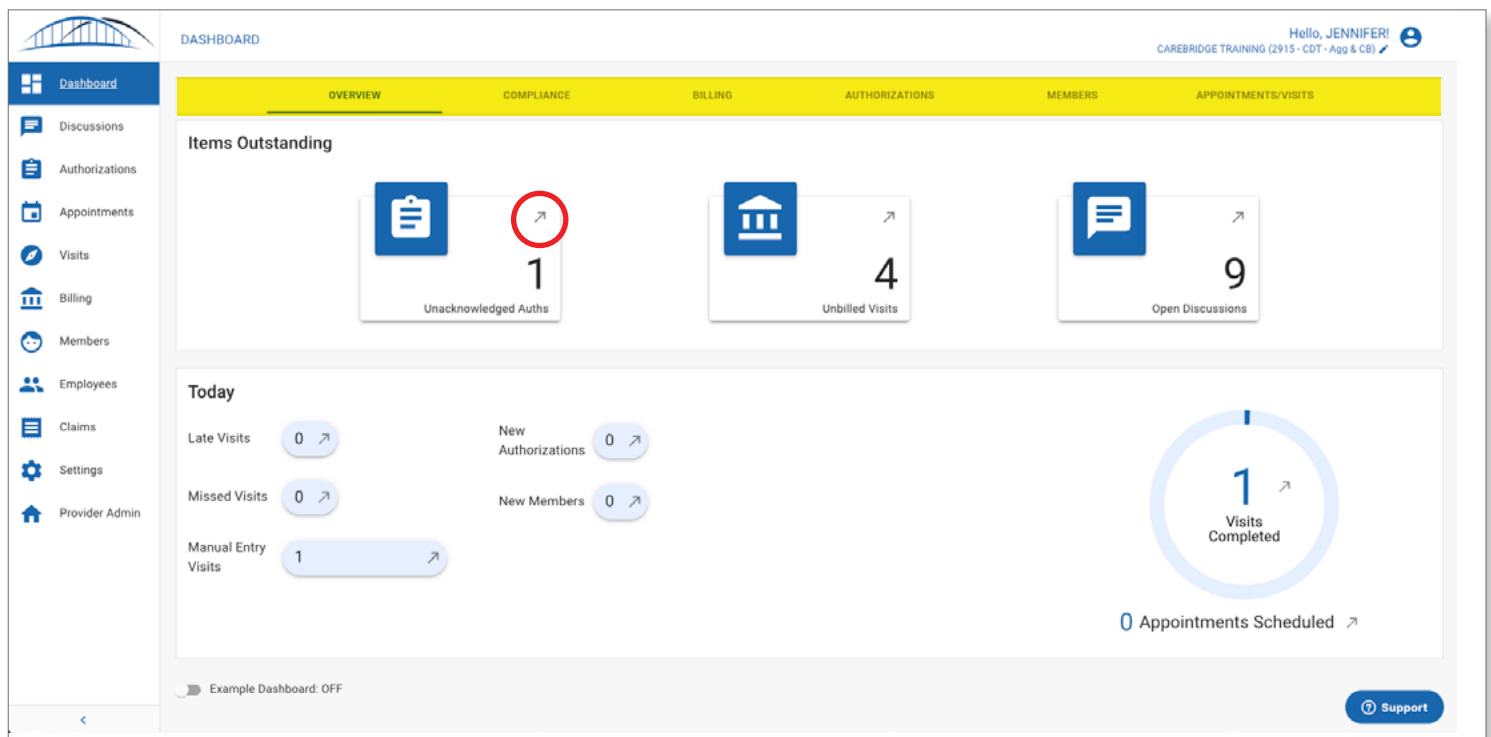

OVERVIEW

This section will introduce the features and functionality within the CareBridge Solution that enable Provider Agency employees to view key graphs, metrics, and data related to operational efficiency.

DASHBOARD

The CareBridge Provider Portal Dashboard page (Figure 89) allows Agency employees to view key metrics to better prioritize and manage tasks on which action may need to be taken. Across the top of the Dashboard page, there are tabs for each of the additional Dashboards.

Figure 89. Dashboard page

- **OVERVIEW:** This dashboard displays metrics related to items that are outstanding or may require action and metrics related to operational efficiency within the Provider Agency today.
- **COMPLIANCE:** This dashboard displays metrics to better understand how many completed visits are EVV compliant and how many are the sources of non-compliance.
- **BILLING:** This dashboard displays metrics related to the revenue cycle of completed visits in the CareBridge Solution.
- **AUTHORIZATIONS:** This dashboard helps Agency employees better understand the number of active authorizations and authorizations by service type.
- **MEMBERS:** This dashboard helps Agency employees explore the number of active members.
- **APPOINTMENTS & VISITS:** This dashboard displays metrics related to the number of scheduled appointments and completed visits.

Each of the dashboards can be filtered by date range or Payer (MCO). By selecting the **arrow icon** on the top right corner of each metric or graph (Figure 89), the user will be taken to a report that displays the data that makes up that metric or graph.

REPORTS

In addition to the **PERSONAL FILTER** that is available on the Authorizations, Appointments, Visits, Billing, Members, and Employees pages, there are also reports that have predefined filters to help quickly navigate to other useful subsets of data. The following table (Figure 95) is a complete list of the reports available in the CareBridge Provider Portal:

REPORT NAME	PAGE	DESCRIPTION (EVV DATA)
Active Members	Members	All active Members.
Denied Visits	Billing	All Visits that have denied claims.
Employees Compliance	Employees	All Provider Employees sorted in ascending order by Compliance Score. Compliance Score is configurable per the MCO but is typically defined as the percentage of EVV visits that are compliant (defined as EVV or IVR visits) relative to the total number of visits. Examples of non-compliant visits are Manual Entries, early, late, or missed.
EVV Visits	Visits	All completed visits that have compliant EVV data.
Late Appointments	Appointments	All appointments that are late. An appointment is considered late when a Check-In has not occurred within one hour of the appointment start time.
Late Visits	Visits	All completed visits that were started late, as an example, a visit could be late when a Check-In has not occurred within 15 minutes of the appointment start time.
Manual Visits	Visits	All Manual Entry visits.
Members Compliance	Members	All members sorted in ascending order by Compliance Score. Compliance Score is configurable per the MCO but is typically defined as the percentage of EVV visits that are compliant (defined as EVV or IVR visits) relative to the total number of visits. Examples of non-compliant visits are Manual Entries, late, or missed.
Missed Appointments	Appointments	All appointments that have been missed. An appointment is considered missed when a Check-In has not occurred within three hours of the appointment start time.
Missed Visits	Visits	All missed visits. A visit could be considered missed when a Check-In has not occurred within one hour of the appointment start time.
Payroll	Employees	Payroll data for a given period for each employee based on completed visits in that time period.

REPORT NAME	PAGE	DESCRIPTION (EVV DATA)
Rejected Visits	Billing	All visits that have rejected claims.
Unacknowledged Authorizations	Authorizations	All authorizations that have not yet been acknowledged.
Unassigned Authorizations	Authorizations	All authorizations that have not yet been assigned an employee.
Unassigned Members	Members	All members who have not been assigned to an Office.

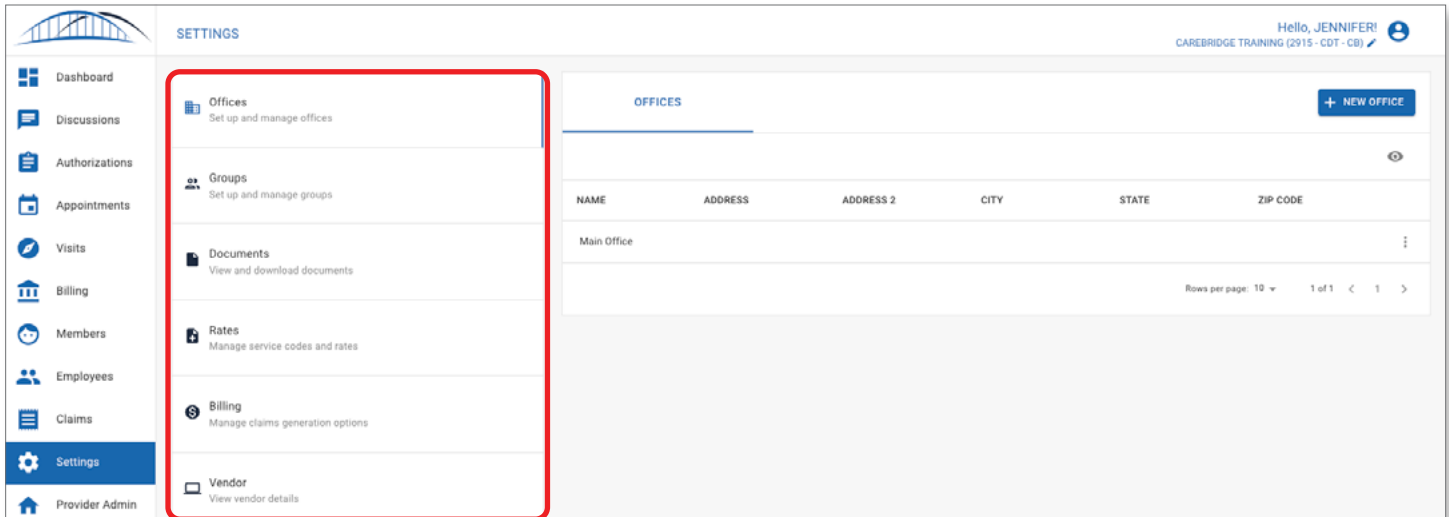

SETTINGS

OVERVIEW

This section introduces the user to the features within the CareBridge Solution that enable Provider Agency employees to configure the system to their workflows and preferences.

On the Settings page (Figure 91), there are sub-tabs for **Offices**, **Groups**, **Documents**, **Rates**, **Billing**, and **Vendor**.

Figure 91. Settings page

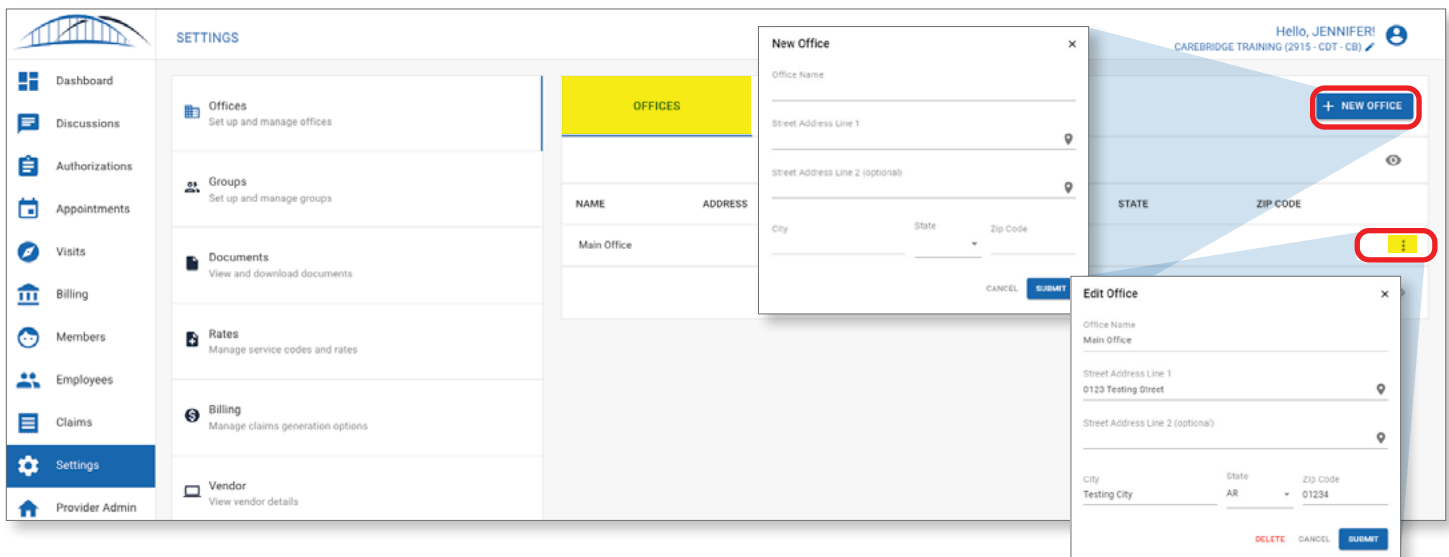

OFFICES

Offices are a way for Provider Agencies to configure multiple locations with the CareBridge Provider Portal. Employees/caregivers and members can be assigned to **Offices** to better drive the scheduling of caregivers to members and to be able to run reports by agency location.

To create a new **Office**, select the **+ NEW OFFICE** button at the top of the **Offices** table. To edit an **Office**, select the **menu icon (3 dots)** next to the **Office** and select **Edit Office** (Figure 92).

Figure 92. OFFICES sub tab and menu icon (3 dots) with + NEW OFFICE and Edit Office screens

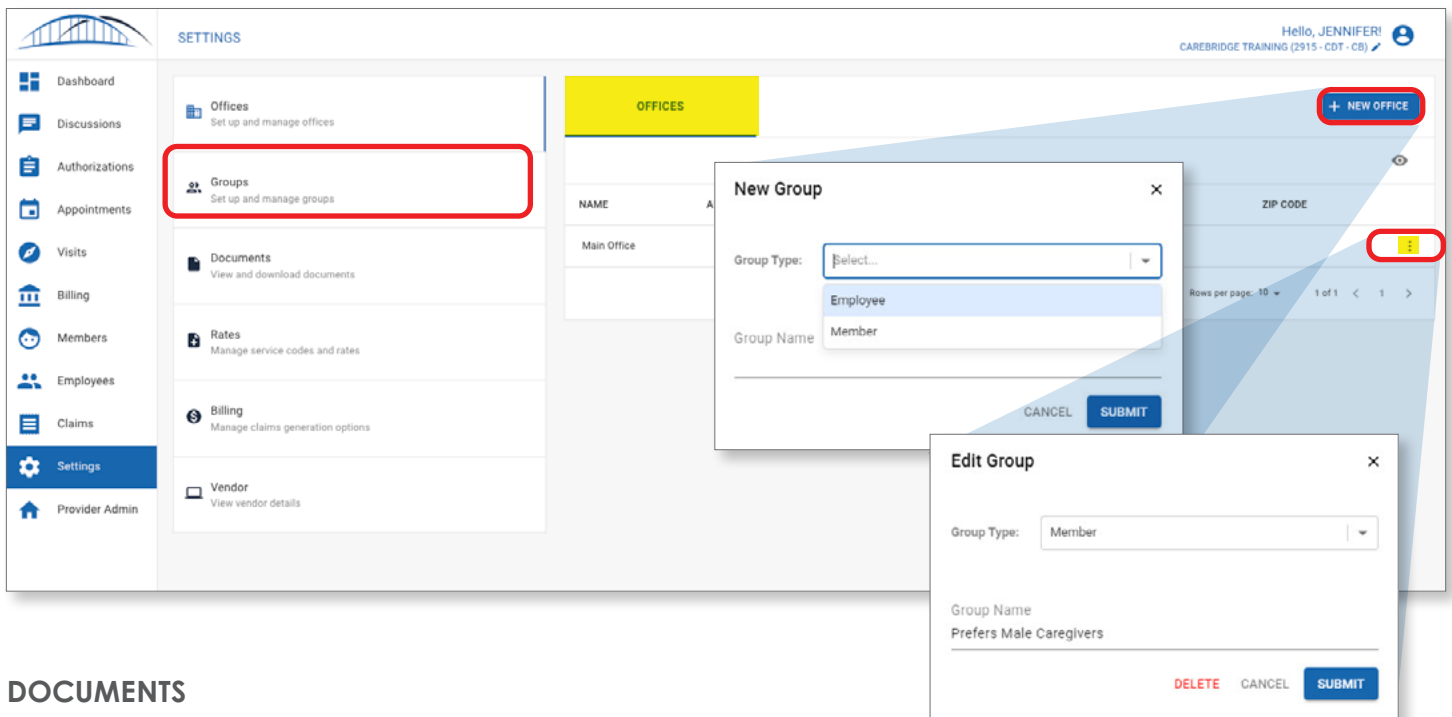

GROUPS

Groups are a way for Provider Agencies to organize their employees/caregivers and the members they serve. By choosing to assign an employee/caregiver or a member to a **Group**, the Agency can more easily run reports for specific populations of caregivers or members. As an example, an Agency may choose to create **Member Groups** based on member characteristics such as “have dogs”, “have cats”, “prefer male Caregivers” to better inform the caregivers when scheduling appointments.

To create a new **Group**, select the **+ NEW GROUP** button at the top of the **Groups** table. To edit a **Group**, select the **menu icon (3 dots)** next to the Group and select **Edit Group** (Figure 93). There are two types of **Groups** that can be created – **EMPLOYEE** and **MEMBER**.

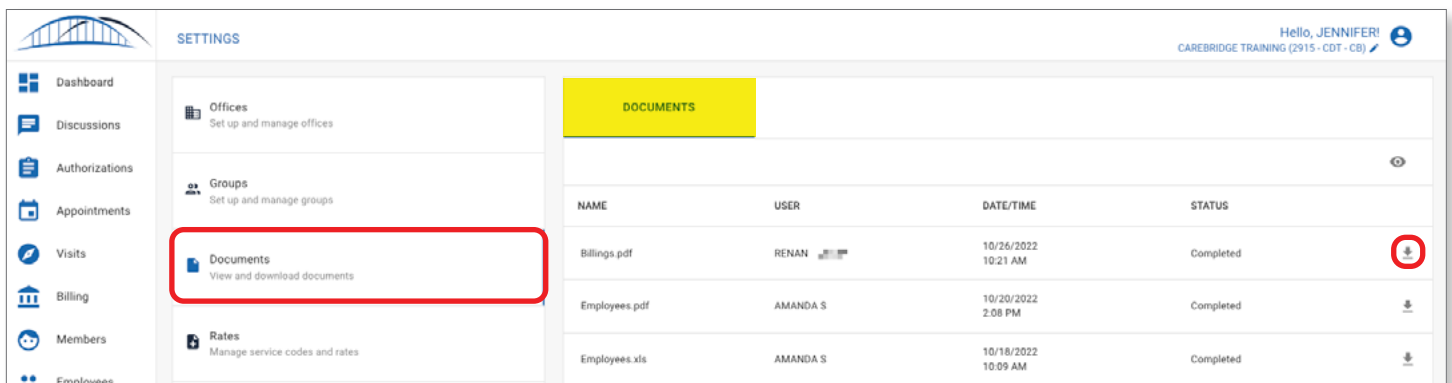

Figure 93. **GROUPS** sub tab and **menu icon (3 dots)** with **+ NEW GROUP** and **Edit Group** screens

DOCUMENTS

The **Documents** sub-tab is a list of all exported documents from other pages in the CareBridge Provider Portal. When a document is exported, it will generate in the background and display in this list when complete. When the user navigates to the **DOCUMENTS** sub-tab, they can choose to download any document by selecting that document’s **download icon** on the far right of the table (Figure 94).

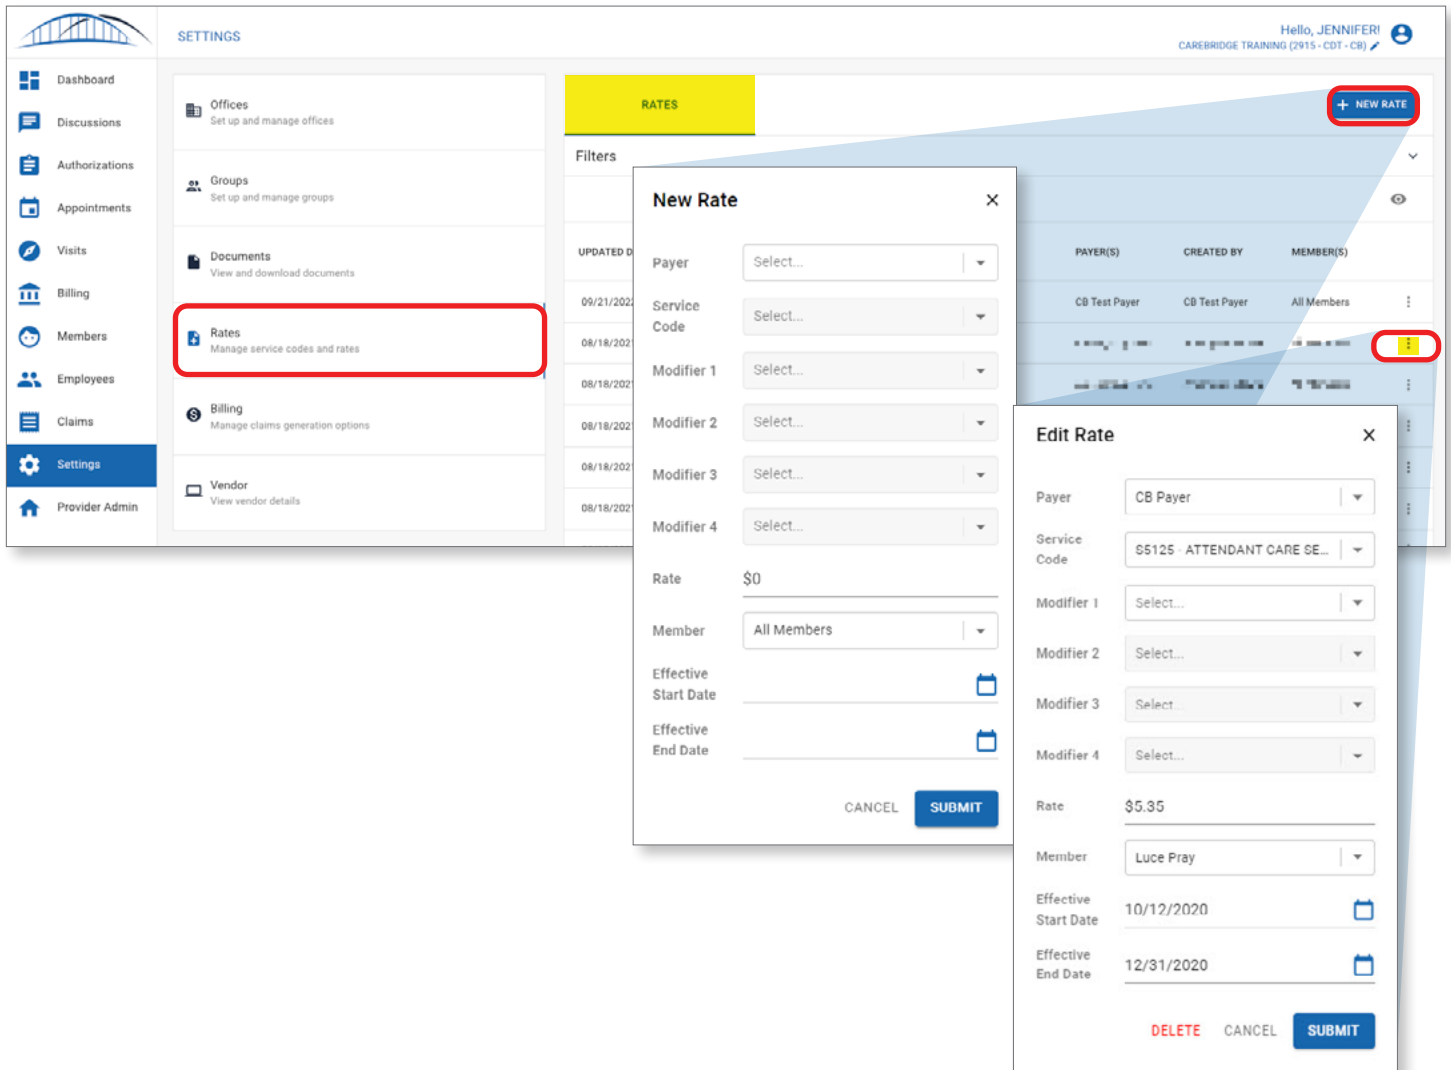

Figure 94. **DOCUMENTS** sub tab and **download icons**

RATES

The Provider Agency is responsible for adding rates within the Provider Portal. The user will need to add that rate by clicking the **+ New Rate** button in the top right of the **Rates** sub-tab (Figure 95). *Wellpoint Home Health provider agencies are responsible for adding rates.

Figure 95. RATES sub tab and menu icon (3 dots)

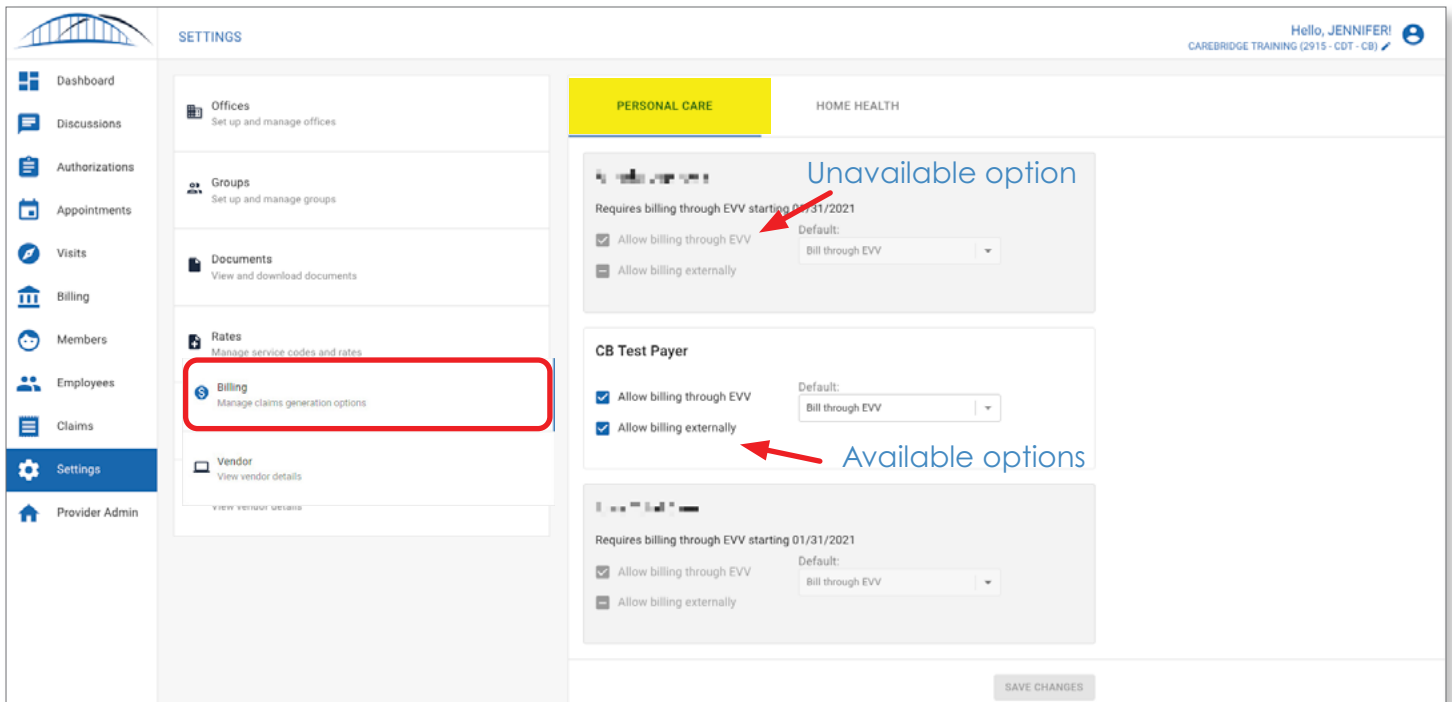

BILLING

CareBridge has built-in features to help create billing efficiencies for providers, reducing the number of rejected or denied claims. It is now possible to select how Provider Agencies will bill. Either through CareBridge EVV for partnered payers or through an external option such as your current 3rd party billing solution. If you click on the Settings page in the left side navigation bar in the Provider Portal, you will see the **BILLING** sub tab. It contains a list of payers available in your state, and each one has its own card.

If a Payer’s visits need to be billed differently, and you have the capability, you can change the settings in the **BILLING** sub tab (Figure 96). That changes the default process for that Payer.

Figure 96. BILLING sub-tab

Allow billing through EVV: CareBridge will submit your claims directly through the Provider Portal.

Allow billing externally: You will export billing files from the Provider Portal to upload to your current third-party billing solution and continue to bill the same way you do today.

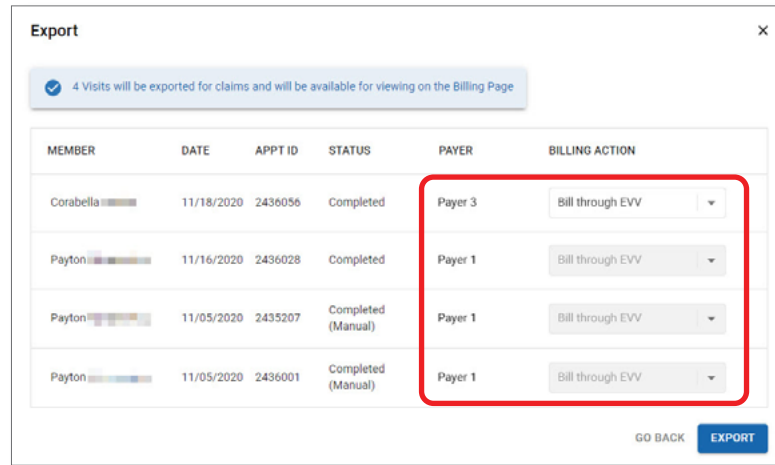

You can set your agency billing preferences in the **BILLING** sub-tab. When you are exporting for billing, it will default to whatever you set as your preference. However, you can also adjust it per individual member when you **EXPORT FOR BILLING** (Figure 97).

Figure 97. EXPORT FOR BILLING button

This function will automatically default to your Agency's current settings. The CareBridge system won't allow you to choose an option that you don't have, based on your market. If an option is grayed out, it means that your Agency doesn't have that capability (Figure 98).

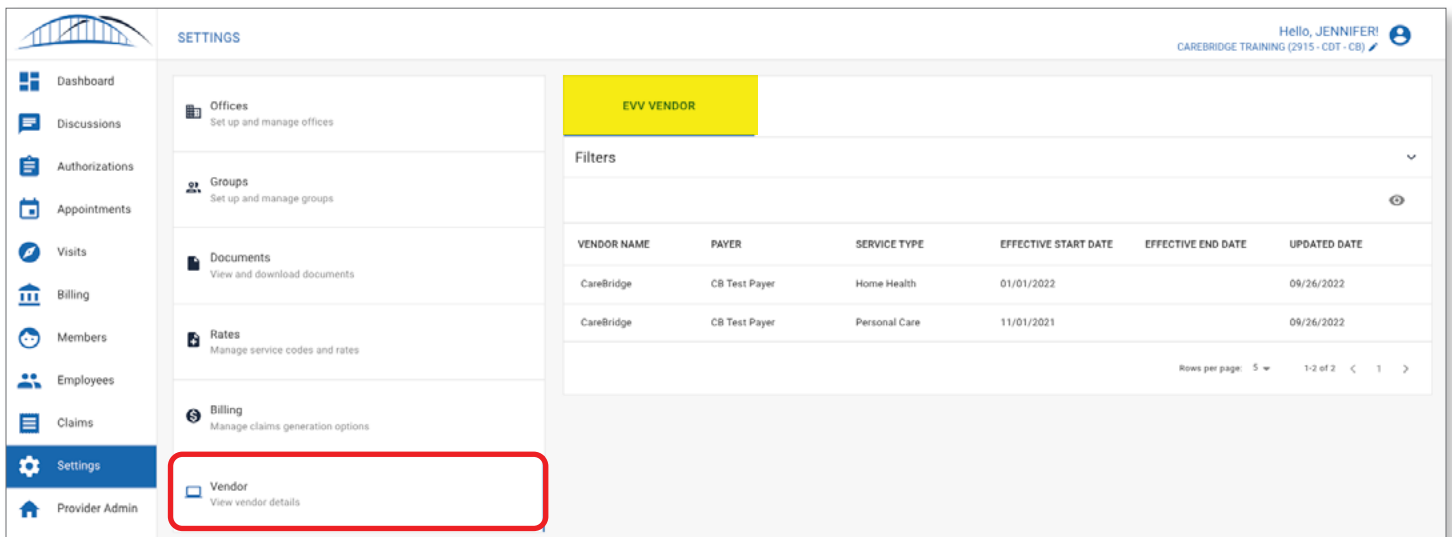

Figure 98. EXPORT FOR BILLING customization options

If an individual visit needs to be billed differently, you can change the settings prior to exporting, by using the **Export** interface that pops up when you **EXPORT FOR BILLING**. This changes the individual visit setting for that export only.

The EVV **VENDOR** sub-tab is a read-only view of the Providers' current EVV vendor. This sub-tab (Figure 99) allows Integrated providers using the CareBridge Portal to see what associated EVV vendors CareBridge has on record.

Figure 99. VENDOR sub-tab

PROVIDER ADMINISTRATION

The Provider Admin page (Figure 105) lists all the service providers associated with the logged-in provider, users are able to view the details of each of provider, and have the ability to export the data provided.

Figure 100. *Provider Portal profile icon*

For additional resources, you can also access the **CareBridge Resource Library** through your Provider Portal by clicking on the profile icon next to your name at the top right of any screen (Figure 106) or by following this link:

<http://resources.carebridgehealth.com/evv>

ROLE DEFINITIONS

The following is a list of roles that have been referred to within the CareBridge Solution Training Guide. As this list evolves, the Agency will be provided with updates.

Administrator – Provider Agency employee with administrator permissions in the EVV system.

Agency Employee – Provider Agency office staff who will be using the EVV system for some type of operational function (i.e., managing authorizations, scheduling appointments, assigning caregivers to members, billing, etc.)

Caregiver – The employee who works in the member's home providing authorized services.

Employee – Anyone who works for the Provider Agency.

Member – The person the Provider Agency supports who is enrolled in the LTSS program receiving services in their home.

MCO – The member's health plan. The health plan is contracted with Tennessee Department of Human Services (DHS) for coordination of members' care and benefits.

Payer – The organization (MCO) that reimburses the Provider Agency for services rendered.

User – Anyone at CareBridge, the MCO, or the Provider Agency who logs into the EVV system, via web portal or mobile app, to review data or do work.
